Part 2: Scope

Section A. Introduction.

NGB CA awards are subject to the following Department of Defense (DoD) General Terms and Conditions These general terms and conditions implement Office of Management and Budget (OMB) guidance, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,” published in the Code of Federal Regulations (CFR) at 2 CFR part 200 and implemented by the DoD at 2 CFR part 1104, “Interim Grants and Cooperative Agreements Implementation of Guidance in 2 CFR part 200” (79 FR 76047, December 19, 2014, as amended at 85 FR 49506, August 13, 2020).

Section B. Applicability.

1. These general terms and conditions apply to the National Guard Bureau (NGB), a DoD Component, cooperative agreements with institutions of higher education, nonprofit organizations, states, local governments, Indian tribes, and for-profit entities. They also apply when incorporated into NGB cooperative agreements subcontracts and sub awards with foreign organizations or foreign public entities (as defined in 2 CFR 1108). These general terms and conditions do not apply to NGB grants and cooperative agreements made directly to individuals. Certain provisions within these general terms and conditions may indicate that they apply to certain types of recipients only. An example of this is FMS Article V for non-federal audits.

2. Certain provisions within these general terms and conditions may indicate that they apply to certain types of recipients only. An example of this is FMS Article V for non-federal audits.

Section C. Order of Precedence.

Any inconsistencies in the requirements of a NGB CA awards will be resolved in the following order:

- a. Federal statutes.
- b. Federal regulations* not otherwise referenced herein.
- c. Cooperative Agreement Award-specific terms and conditions.
- d. General Terms and Conditions, which includes the DoD Component (NGB)'s Addendum to this document (Subdivision D).

Section D. Award Acceptance.

If you receive an unsigned award from NGB, that means that you are required to sign the award to indicate acceptance of the award, including the terms and conditions, prior to initiating performance. The grants officer will sign the award upon receipt of your signature.

Part 3: English Language

You must translate any of the award content (including attachments to it and any material incorporated into the award by reference) into another language only to the extent that your compliance with the award's terms and conditions depends upon a significant number of your employees who are not fluent in English being able to read and comprehend that content. If you translate any award content into another language, the original award content in the English language will take precedence in the event of an inconsistency between the award requirements in the English and translated versions.

Part 4: Plain Language

These general terms and conditions use plain language, with use of personal pronouns such as "you" to denote the recipient and "we" to mean the Federal Government (Government). Use of personal pronouns is a recognized means to help a reader understand to whom the language is addressed and assist in determining responsibilities.

Part 5: Reserved Provisions

If the words “RESERVED – Not Applicable” are used at the section or section level of an article without additional explanation, it means that this particular section or section does not apply in any manner to NGB CA awards. If the word “RESERVED” is used with additional explanation (in bold red colored font), it will describe whether the particular provisions either will or may be included in a DoD Component (NGB) addendum (Subdivision D) to these terms and conditions.

Part 6: Feedback on the Terms and Conditions

As you gain operating experience with these general terms and conditions, you may find areas requiring clarification or correction. Alerting us to potential issues will help us improve both these general terms and conditions and NGB’s regulatory implementation of the OMB guidance at 2 CFR part 200.

Part 7: Definitions

Section A. Purpose of this Part.

This part provides definitions of terms used in the DoD Component (NGB) General Terms and Conditions.

Section B. Precedence of Definitions of Terms in National Policy Requirements.

Part 7 of these general terms and conditions may use a term in relation to compliance with a national policy requirement in a statute, Executive order, or other source that defines the term differently than it is defined in Section D of this part. For purposes of that particular national policy requirement, the definition of a term provided by the source of the requirement and any regulation specifically implementing it takes precedence over the definition in this part.

Section C. Definitions of Terms Used in The Federal Governmentwide Cost Principles or Single Audit Requirements.

1. Some award provisions state that you must comply with single audit or cost principles requirements in a governmentwide issuance and include the requirements by reference to the issuance without restating them. For any term defined in one of those issuances, this part includes the definition only if the term is used in these general terms and conditions.
2. Otherwise, this part does not include a definition and a user of these terms and conditions should consult definitions in the pertinent Governmentwide source, as follows:

- a. The requirements for audits of recipients and subrecipients that are in Subpart F of OMB guidance in 2 CFR part 200, which implements the Single Audit Act.
- b. The governmentwide cost principles for institutions of higher education, nonprofit organizations, states, local governments, and Indian tribes that are contained in Subpart E of OMB guidance in 2 CFR part 200.
- c. The cost principles for for-profit entities at Subpart 31.2 of the Federal Acquisition Regulation (48 CFR part 31), as supplemented by provisions of the Defense Federal Acquisition Regulation Supplement at Subpart 231.2 of 48 CFR part 231.

SUBDIVISION B - General Terms and Conditions for Administrative Requirements

Part 1: Financial and Program Management (Articles from this part are designated with “FMS” in the article title)

FMS Article I. Financial Management System Standards.

Section A. System standard for States.

As a State, you must expend and account for funds under NGB CA awards in accordance with:

- a. Applicable State laws.
- b. To the extent they comply with the requirements of Section B of this article, your procedures for expending and accounting for your own state funds.

Section B. System Standards for all Recipients.

1. Your financial management system must provide for:
 - a. Inclusion, in your accounts, of the following information about each NGB grant or cooperative agreement that you receive:
 - (1) That you received the award from NGB.
 - (2) The number and title listed in the Assistance for NGB program under which the award was made.
 - (3) NGB CA award number.
 - (4) The year (your fiscal year) in which you received the award.
 - b. Accurate, current, and complete disclosure of the financial results of the award needed to comply with financial and programmatic reporting requirements that are specified in REP Articles I and II of these general terms and conditions, as supplemented by any award-specific terms and conditions of an NGB CA award concerning reporting requirements. If you are asked at any time under an award to report financial information on an accrual basis, you:
 - (1) Need not establish an accrual accounting system if you maintain your records on a different basis.

- (2) May develop the accrual data based on an analysis of the data you have on hand.
2. Records that identify adequately the sources of funds for all activities funded by an NGB CA award, including any required cost sharing or matching, and the application of those funds. This includes funding authorizations; your financial obligations and expenditures of the funds; unobligated balances; property and other assets under the award; program income; and interest.
3. Effective control over, and accountability for, all funds, property, and other assets under NGB CA awards. You must adequately safeguard all assets and assure they are used solely for authorized purposes (see Section C of this article for additional requirements concerning internal controls).
4. Comparison of expenditures under NGB CA awards for project or program purposes with amounts in the approved budget for those purposes.
5. RESERVED – Not Applicable.
6. Written procedures:
 - a. To implement requirements specified in FMS Article II, “Payments;”
 - b. For determining the allowability of costs, which for an NGB CA award are determined in accordance with FMS Article III, “Allowable costs, period of availability of funds, and fee or profit,” of these general terms and conditions, as supplemented by any award-specific terms and conditions of an NGB CA award that relate to allowability of costs.

Section C. Internal Controls.

Your system of internal controls must conform to OMB guidance in 2 CFR 200.303. With respect to paragraph (e) of 2 CFR 200.303, your internal control system must include measures to safeguard any information that federal statute, Executive order, or regulation requires to be protected (e.g., personally identifiable or export-controlled information), whether generated under the award or provided to you and identified as being subject to protection.

FMS Article II. Payments.

Section A. Awards to States.

1. If the award-specific terms and conditions of an NGB CA award do not identify it as an award subject to Subpart A of 31 CFR part 205 (Department of the Treasury regulations implementing the Cash Management Improvement Act), then a NGB CA award is subject to Subpart B of that part. Consistent with Subpart B of 31 CFR part 205.
2. **Payment Method, Timing, and Amounts** (see also Subdivision D). You must:

- a. Minimize the time between your receipt of a payment under an NGB CA award and your disbursement of those funds for project or program purposes.
 - b. Limit the amount of each payment request to the minimum amount you need to meet your actual, immediate cash requirements for carrying out the project or program.
 - c. Submit each advance payment request approximately 10 days before you anticipate disbursing the requested amount for project or program purposes, so that your receipt of the funds will be as close in time as is administratively feasible to your actual cash outlay for direct project or program costs and the proportionate share of any allowable indirect costs.
3. **Interest.** Unlike awards subject to Subpart A of 31 CFR part 205, neither you nor we will incur any interest liability due to a difference in timing between your receipt of payments under an NGB CA award and your disbursement of those funds for project or program purposes.

Section B. Awards to Institutions of Higher Education, Nonprofit Organizations, Local Governments, Indian Tribes, and For-profit entities.

1. **Payment method.** **RESERVED – Standard payment for NGB grants and cooperative agreements is by reimbursement. Advance allowable as per policy as described in Subdivision D of this document.**
2. **Amounts Requested.** You must:
 - a. Limit the amount of any advance payment request to the minimum amount needed to meet your actual, immediate cash requirements for carrying out the purpose of the approved project or program, including direct project costs and a proportionate share of any allowable indirect costs.
 - b. Exclude from any payment request amounts you are withholding from payments to contractors to assure satisfactory completion of the work. You may request those amounts when you make the payments to the contractors or to escrow accounts established to assure satisfactory completion of the work.
 - c. Exclude from any payment request amounts from any of the following sources that are available to you for project or program purposes under an NGB CA award: program income, including repayments to a revolving fund; rebates; refunds; contract settlements; audit recoveries; and interest earned on any of those funds. You must disburse those funds for project or program purposes before requesting additional funds from us.
3. **Timing of Requests.** For any advance payment you request, you should submit the request approximately 10 days before you anticipate disbursing the requested amount for project or program purposes. With time for agency processing of the request, that should result in payment as close as is administratively feasible to your actual

disbursements for project or program purposes.

4. **Frequency of Requests.** You may request payments as often as you wish unless you have been granted a waiver from requirements to receive payments by electronic funds transfer (EFT). If you have been granted a waiver from EFT requirements, the award-specific terms and conditions of an NGB CA award specify the frequency with which you may submit payment requests.

5. **Withholding of Payments.** We will withhold payments for allowable costs under the award at any time during the period of performance only if one or more of the following applies:

- a. We suspend either payments or the award, or disallow otherwise allowable costs, as a remedy under OAR Article III due to your failure to comply with federal statutes, regulations, or the terms and conditions of an NGB CA award. If we suspend payments and not the award, we will release withheld payments upon your subsequent compliance. If we suspend the award, then amounts of payments are subject to adjustment in accordance with the terms and conditions of OAR Article B.
- b. You are delinquent in a debt to the United States, in which case we may, after reasonable notice, inform you that we will not make any further payments for costs you incurred after a specified date until you correct the conditions or liquidate the indebtedness to the Federal Government.
- c. The award-specific terms and conditions include additional requirements that provide for withholding of payments based on conditions identified during our pre-award risk evaluation, in which case you should have been notified about the nature of those conditions and the actions needed to remove the additional requirements.

6. **Depository Requirements.**

a. There are no eligibility requirements for depositories you use for funds you receive under NGB CA awards.

b. You are not required to deposit funds you receive under NGB CA awards in a depository account separate from accounts in which you deposit other funds. However, FMS Article I requires that you be able to account for the receipt, obligation, and expenditure of all funds under NGB CA awards.

c. You must deposit any advance payments of funds you receive under NGB CA awards in insured accounts whenever possible and, unless any of the following apply, you must deposit them in interest-bearing accounts:

- (1) You receive a total of less than \$250,000 per year under federal grants and cooperative agreements.
- (2) You would not expect the best reasonably available interest-bearing account to earn interest in excess of \$500 per year on your cash balances of advance payments under federal grants and cooperative agreements.

- (3) The best reasonably available interest-bearing account would require you to maintain an average or minimum balance higher than it would be feasible for you to do within your expected federal and non-Federal cash balances.
 - (4) A foreign government or banking system precludes your use of interest-bearing accounts.
- d. You may retain for administrative expenses up to \$500 per year of interest that you earn in the aggregate on advance payments you receive under NGB CA awards and other federal grants and cooperative agreements. You must remit annually the rest of the interest to the Department of Health and Human Services, using the procedures set forth in OMB guidance in 2 CFR 200.305(b)(9).

Section C. Electronic Funds Transfer and other Payment Procedural Instructions or Information.

1. **Electronic Funds Transfer.** Unless the award-specific terms and conditions of NGB CA awards provide otherwise, you will receive payments under NGB CA awards by electronic funds transfer.
2. **RESERVED** – Not Applicable.

FMS Article III. Allowable Costs, Period of Availability of Funds, and Fee or Profit.

Section A. Allowable Costs.

1. This section, with the clarification provided in Section B, specifies which federal cost principles must be used in determining the allowability of costs charged to NGB CA awards, a subrecipient's costs charged to any cost-type subaward that you make under NGB CA awards, and a contractor's costs charged to any cost-type procurement transaction into which you enter under NGB CA awards. These cost principles also govern the allowable costs that you or a subrecipient of a subaward at any tier below NGB CA awards may consider when establishing the amount of any fixed-amount subaward or fixed-price procurement transaction at the next lower tier. The set of cost principles to be used in each case depends on the type of entity incurring the cost under the award, subaward, or contract.
2. **General Case.** If you, your subrecipient, or your contractor is:
 - a. **An Institution of Higher Education**, the allowability of costs must be determined in accordance with provisions of Subpart E of OMB guidance in 2 CFR part 200 other than 2 CFR 200.400(g), supplemented by appendix III to that part.
 - b. **A Hospital**, the allowability of costs must be determined in accordance with provisions of appendix IX to 2 CFR part 200, which currently specifies the cost principles in appendix IX to 45 CFR part 75 as the applicable cost principles.

- c. **A Nonprofit Organization other than a Hospital or Institution of Higher Education**, the allowability of costs must be determined in accordance with provisions of Subpart E of OMB guidance in 2 CFR part 200 other than 2 CFR 200.400(g), supplemented by appendices IV and VIII to that part. In accordance with guidance in 2 CFR 200.401(c), a nonprofit organization listed in appendix VIII to 2 CFR part 200 is subject to the cost principles for for-profit entities specified in paragraph 1.e of this section.
- d. **A State, Local Government, or Indian Tribe**, the allowability of costs must be determined in accordance with applicable provisions of Subpart E of OMB guidance in 2 CFR part 200 other than 2 CFR 200.400(g), supplemented by appendices V through VII to that part.
- e. **A for-Profit Entity (Other Than a Hospital) or a Nonprofit Organization Listed in Appendix VIII To 2 CFR Part 200:**
 - (1) The allowability of costs must be determined in accordance with:
 - (a) The cost principles for commercial organizations in the Federal Acquisition Regulation (FAR) at Subpart 31.2 of 48 CFR part 31, as supplemented by provisions of the Defense Federal Acquisition Regulation Supplement (DFARS) at Subpart 231.2 of 48 CFR part 231.
 - (b) For a for-profit entity, the additional provisions on allowability of audit costs, in 32 CFR 34.16(f).
 - (2) The indirect cost rate to use in that determination is:
 - (a) The for-profit entity's federally negotiated indirect cost rate if it has one.
 - (b) Subject to negotiation between you and the for-profit entity if it does not have a federally negotiated indirect cost rate. The rate that you negotiate may provide for reimbursement only of costs that are allowable in accordance with the cost principles specified in paragraph A.1.e.(1) of this article.
- 3. **Exception.** You may use your own cost principles in determining the allowability of a contractor's costs charged to a cost-type procurement transaction under NGB CA awards—or in pricing for a fixed-price contract based on estimated costs if your cost principles comply with the federal cost principles that paragraph A.1 of this section identifies as applicable to the contractor.

**Section B. Clarifications Concerning Charges for Professional Journal Publications.
RESERVED – Not Applicable.**

Section C. Period of Availability of Funds.

- 1. You may charge to NGB CA awards only:

- a. Allowable costs incurred during the period of performance specified in NGB CA awards, including any subsequent modifications to it.
 - b. Any pre-award costs that you are authorized (by either the terms and conditions of FMS Article IV or NGB awarding official) to incur prior to the start of the period of performance, at your own risk, for purposes of the project or program under NGB CA awards.
2. Costs of publishing in professional journals incurred after the period of performance, as permitted under 2 CFR 200.461(b)(3), if:
 - a. We receive the request for payment for such costs no later than the date on which REP Article II requires you to submit the final financial report to us (or, if we grant your request for an extension of the due date, that later date on which the report is due).
 - b. Your reported expenditures on the final financial report include the amount you disbursed for those costs.

Section D. Fee or Profit.

1. You may not receive any fee or profit under NGB CA awards.
2. You may not use funds available to you under NGB CA awards to pay fee or profit for an entity of any type to which you make a subaward.
3. You may pay fee or profit to an entity with which you enter into a procurement transaction to purchase goods or general support services for your use in carrying out the project or program under the award.

FMS Article IV. Revision of Budget and Program Plans.

Section A. Approved Budget.

The approved budget of NGB CA awards:

- a. Is the most recent version of the budget that you submitted, and we approved (either at the time of the initial award or a more recent modification), to summarize planned expenditures for the project or program.

1. **Non-Construction Activities.** You must request prior approval from us for any of the following program or budget revisions in non-construction activities:

 - b. A change in a key person identified in the award cover pages.
 - c. The approved principal investigator's or project director's disengagement from the project for more than three months, or a 25 percent reduction in his or her time devoted to the project.

 - e. RESERVED – Only applicable if provided in DoD Component addendum to these terms and conditions.
 - f. A subaward to another entity under which it will perform a portion of the substantive project or program under the award if it was not included in the approved budget. This does not apply to your contracts for acquisition of supplies, equipment, or general support services you need to carry out the program.

 - h. RESERVED – Not Applicable.

2. **Construction Activities.** You must request prior approval from us for any of the following program or budget revisions in construction activities:
 - a. A change in the scope or objective of the project or program under NGB CA awards, even if there is no associated budget revision that requires our prior approval.

3. Funding transfers between construction and non-construction activities. Only applicable if provided in DoD Component addendum to these terms and conditions.

Section C. Pre-Award Costs.

1. You are authorized, without requesting prior approval from us, to:

Charge to NGB CA awards after you receive it, pre-award costs that you incurred, at your own risk, up to 90 calendar days before the start date of the period of performance, if they are costs that would be allowable charges to the project or program under the terms and conditions of FMS Article III if they were incurred during the period of performance. Expenses more than 90 calendar days pre-award require prior approval of the Federal awarding agency.

2. **RESERVED – RESERVED - Only applicable if provided in award-specific terms and conditions.**
3. **RESERVED – RESERVED - Only applicable if provided in award-specific terms and conditions.**

Section D. Procedures.

1. We will review each request you submit for prior approval for a budget or program change and, within 30 calendar days of our receipt of your request, we will respond to you in writing to either:
 - a. Notify you whether your request is approved; or

2. RESERVED – Not Applicable.

FMS Article V. Non-Federal Audits.

Section A. Requirements for Entities Subject to the Single Audit Act.

You and each subrecipient under NGB CA awards that is an institution of higher education, nonprofit organization, state, local government, or Indian tribe must comply with the audit requirements specified in Subpart F of 2 CFR part 200, which is the OMB implementation of the Single Audit Act, as amended (31 U.S.C. chapter 75).

Section B. Requirements for For-Profit Entities.

Any for-profit entity that receives an award or subaward from you under NGB CA awards is subject to the audit requirements specified in 32 CFR 34.16. In accordance with the Class Deviation for the Single Audit Act for For-Profit Assistance Awards, dated 29 June 2018, the audit requirement threshold has been increased to \$750,000. Your subaward terms and conditions will require the subrecipient to provide the reports to you if it is willing to do so, so that you can resolve audit findings that pertain specifically to your subaward (e. g., disallowance of costs). If the for-profit entity is

unwilling to agree to provide the auditor's report to you, contact the grants officer for NGB CA award to discuss an alternative approach for carrying out audit oversight of the subaward. If the grants officer does not provide an alternative approach within 30 days of receiving your request, you may determine an approach to ensure the for-profit subrecipient's compliance with the subaward terms and conditions, as described in OMB guidance at 2 CFR 200.501(h).

FMS Article VI. Cost Sharing or Matching.

Section A. Required Cost Sharing or Matching.

1. If any cost sharing or matching is required under NGB CA awards, the total amount or percentage required is shown in the award cover pages and included in the approved budget. That cost sharing or matching includes all:
 - a. Cash and third-party in-kind contributions.
 - b. Contributions to the project or program made either by or through (if made by a third party) you and any subrecipients.
2. You must obtain our prior approval if you wish to:
 - a. Change the amount or percentage of cost sharing or matching required under NGB CA awards.
 - b. **RESERVED –Only applicable if provided in award-specific terms and conditions.**

Section B. Allowability as Cost Sharing or Matching.

1. Each cash or third-party in-kind contribution toward any cost sharing or matching required under NGB CA awards, whether put forward by you or a subrecipient under a subaward that you make, is allowable as cost sharing or matching if:
 - a. You (or the subrecipient, if it is a subrecipient contribution) maintain records from which one may verify that the contribution was made to the project or program and, if it is a third-party in-kind contribution, its value.
 - b. The contribution is not counted as cost sharing or matching for any other federal award.
2. The contribution is:
 - a. Allowable under the cost principles applicable to you (or the subrecipient, if it is a subrecipient contribution) under FMS Article III of these terms and conditions.

- b. Allocable to the project or program and reasonable.
- c. The Federal Government does not pay for the contribution through another federal award, unless that award is under a program that has a federal statute authorizing application of that program's federal funds to other federal programs' cost sharing or matching requirements.
- d. The value of the contribution is not reimbursed by the federal share of NGB CA awards as either a direct or indirect cost.
- e. The contribution conforms to the other terms and conditions of NGB CA awards, including the award specific terms and conditions.

Section C. Allowability of Unrecovered Indirect Costs as Cost Sharing or Matching. Not currently applicable to NGB - See CPP Guidance in Subdivision D of this document.

Section D. Allowability of Program Income as Cost Sharing or Matching.

If FMS Article VII of these general terms and conditions or the award-specific terms and conditions of NGB CA awards specify that you are to use some or all of the program income you earn to meet cost-sharing or matching requirements under the award, then program income is allowable as cost sharing or matching to the extent specified in those award terms and conditions.

Section E. Valuation of Services or Property That You or Subrecipients Contribute or Donate.

1. You must establish values for services or property contributed or donated toward cost sharing or matching by you or subrecipients in accordance with the provisions of this section. These contributions or donations are distinct from third-party contributions or donations to you or subrecipients, which are addressed in Section F of this article.
2. Usual valuation of services or property that you or subrecipients contribute or donate. Values established for contributions of services or property by you or a subrecipient must be the amounts allowable in accordance with the cost principles applicable to the entity making the contribution (i.e., you or the subrecipient), as identified in FMS Article III. For property, that generally is depreciation.
3. Needed approvals for, and valuation of, property that you or subrecipients donate.

a. Types of Property That May Be Donated.

- (1) **Buildings or Land.** If the purposes of NGB CA award includes construction, facilities acquisition, or long-term use of real property, you may donate buildings or land to the project if you obtain our prior approval. Donation of property to the project, as described in PROP Article I, means counting the value of the property toward cost sharing or matching, rather than charging depreciation.

- (2) **Other Capital Assets.** If you obtain our prior approval, you may donate to the project other capital assets identified in 2 CFR 200.439(b)(1) through (3).
- b. **Usual Valuation of Donated Property.** Unless you obtain our approval as described in section E.2.c of this article, the value for the donated property must be the lesser of:
 - (1) The value of the remaining life of the property recorded in your accounting records at the time of donation, or
 - (2) The current fair market value.
- c. **Approval Needed for Alternative Valuation of Property.** If you obtain our approval as reflected in the approved budget, you may count as cost sharing or matching the current fair market value of the donated property even if it exceeds the value of the remaining life of the property recorded in your accounting records at the time of donation.
- d. **Federal Interest in Donated Property.** Donating buildings, land, or other property to the project, rather than charging depreciation, results in a federal interest in the property in accordance with PROP Article I of these terms and conditions.

Section F. Valuation of Third-Party In-Kind Contributions.

1. **General.** If a third party furnishes goods or services to you or subrecipients that are to be counted toward cost sharing or matching under NGB CA awards, the entity to which the third party furnishes the goods or services (i.e., you or a subrecipient) must document the fair market value of those in-kind contributions and, to the extent feasible, support those values using the same methods the entity uses internally.
2. **Valuation of Third-Party Services.** You must establish values for third-party volunteer services and services of third parties' employees furnished to you or subrecipients as follows:
 - a. **Volunteer Services.** Volunteer services furnished by third-party professional and technical personnel, consultants, and other skilled and unskilled labor must be valued in accordance with 2 CFR 200.306(e).
 - b. **Services of Third Parties' Employees.** When a third-party organization furnishes the services of its employees to you or a subrecipient, values for the contributions must be established in accordance with 2 CFR 200.306(f).
 - c. **Additional Requirement for Donations to Nonprofit Organizations.** For volunteer services or services of third parties' employees furnished to a nonprofit organization:
 - (1) OMB guidance in 2 CFR 200.434(e) also applies and may require the nonprofit

organization to allocate a proportionate share of its applicable indirect costs to the donated services.

- (2) The indirect costs that the nonprofit organization allocates to the donated services in that case must be considered project costs and may be either reimbursed under the award or counted toward required cost sharing or matching, but not both.

3. **Valuation of Third-Party Property.** You must establish values for third-party property furnished to you or subrecipients as follows:

a. **Supplies Donated by Third Parties.** When a third-party organization donates supplies (e.g., office, laboratory, workshop, or classroom supplies), the value that may be counted toward cost sharing or matching may not exceed the fair market value of the supplies at the time of donation.

b. **Equipment, Buildings, or Land Donated by Third Parties.**

- (1) The value of third-party donations of equipment, buildings, or land that may be counted toward cost sharing or matching when the third party transferred title to you or a subrecipient depends on the purpose of the award in accordance with the following:

- (a) If one of the purposes of the award is to assist you or the subrecipient in the acquisition of equipment, buildings, or land, you may count the aggregate fair market value of the donated property toward cost sharing or matching.
- (b) If the award's purposes instead include only the support of activities that require the use of equipment, buildings, or land, you may only charge depreciation unless you obtain our prior approval to count as cost sharing or matching the fair market value of equipment or other capital assets and fair rental charges for land.

- (2) The values of the donated property must be determined in accordance with the usual accounting policies of the entity to which the third party transferred title to the property, with the qualifications specified in 2 CFR 200.306(i)(1) and (2) for donated land and buildings and donated equipment, respectively.

- c. **Use of Space Donated by Third Parties.** If a third party makes space available for use by you or a subrecipient, the value that you may count toward cost sharing or matching may not exceed the fair rental value of comparable space as established by an independent appraisal, as described in 2 CFR 200.306(i)(3).
- d. **Equipment Loaned by Third Parties.** If a third-party loans equipment for use by you or a subrecipient, the value that you may count toward cost sharing or matching may not exceed its fair rental value.

FMS Article VII. Program Income.

Section A. Definition. The term “program income” as used in NGB CA awards:

1. Is gross income that:
 - a. You earn that is directly generated by a supported activity or earned as a result of NGB CA awards; or

 - d. Governmental revenues, including any taxes, special assessments, levies, fines, and similar revenues you raise.

Section B. Encouragement to Earn Program Income.

You are encouraged to earn program income under NGB CA awards when doing so does not interfere with the project or program the award supports.

Section C. Costs of Generating Program Income.

You may deduct costs incidental to the generation of program income from the amount that you use in accordance with Section E of this Article, if those costs are not charged to NGB CA awards (which includes their being counted toward any cost sharing or matching you are required to provide).

Section D. License Fees and Royalties.

You have no obligations to the Federal Government with respect to program income earned under NGB CA awards from license fees and royalties for patents or patent applications, copyrights, trademarks, or inventions developed or produced under the award.

Section E. Use of Program Income.

1. You must use any program income that you earn during the period of performance under NGB CA awards to increase the amount of the award (the sum of the federal share and any cost sharing or matching you are required to provide), thereby increasing the amount budgeted for the project or program. The program income must be used for the purposes and under the terms and conditions of the award.
2. Your use of the additional funding is subject to the terms and conditions of NGB CA awards, including:
 - a. FMS Article II concerning your use of balances of program income before you request additional funds from us.
 - b. FMS Article III concerning allowability of costs for which the funds may be used.
3. You must report on each Federal Financial Report (SF-425) that you submit in accordance with REP Article II the program income that you earn and any that you use during the reporting period covered by that SF-425.

Section F. Duration of Accountability for Program Income.

The requirements concerning disposition of program income in Section E of this Article apply only to program income you or your subrecipients earn during the period of performance. There are no requirements under NGB CA awards applicable to program income you or your subrecipients earn after the end of the period of performance.

Part 2: Property Administration (Articles from this part are designated with “PROP” in the article title)

PROP Article I. Title to Property.

Section A. Title to Property Acquired under NGB CA Awards.

1. **General.** Other than any property identified in section A.2 of this section as exempt property:
 - a. Title to real property, equipment, and supplies that you acquire (whether by

purchase, construction or fabrication, development, or otherwise) and charge as direct project costs under NGB CA awards vests in you, the recipient. Title to intangible property that you acquire (other than by developing or producing it) under NGB CA awards also vests in you.

- b. That title is a conditional title, subject to the terms and conditions in PROP Articles II-IV, Section D of PROP Article VI, and REP Article III of NGB CA awards.
- c. There is a federal interest in the property, other than intangible property that you develop or produce under the award. For real property, equipment, and intangible property, we retain this federal interest until final disposition of the property under PROP Article III (for real property), PROP Article IV (for equipment), or Section D of PROP Article VI (for intangible property that is acquired, other than by developing or producing it), a period that in some cases may extend beyond closeout of NGB CA awards.

2. Exempt property. RESERVED – Not Applicable.

Section B. Property Trust Relationship.

1. **Basic Requirement.** Other than intangible property that you develop or produce under the award, you hold any real property, equipment, or intangible property that you acquire or improve under NGB CA awards in trust for the beneficiaries of the project or program that you are carrying out under the award.
2. **Notices of Record. RESERVED - Only applicable if provided in award-specific terms and conditions.**

Section C. Federally Owned Property.

Title to any federally owned property that we provide to you under NGB CA awards (or such property for which accountability is transferred to NGB CA awards from another federal award) remains with the Federal Government.

Section D. Federal Interest in Donated Real Property or Equipment.

If real property or equipment is acquired under NGB CA awards through your donation of the property to the project or program (i.e., counting the value of the remaining life of the property recorded in your accounting records or the fair market value as permitted under FMS Article VI of these general terms and conditions as part of your share of project costs to meet any cost sharing or matching requirements, rather than charging depreciation):

- a. The Government acquires a federal interest in the real property or equipment that is donated for use in the project or program.
- b. The real property or equipment is subject to Section B of this article and the terms and conditions of PROP Articles II-IV and REP Article III that are applicable to property acquired under the award.

- c. The federal interest in the real property or equipment must be addressed at the time of property disposition.

Section E. Federal Interest in Property Improved under the Award.

1. The Federal Government has an interest in improvements (as distinct from ordinary repairs and maintenance) you make to an item of real property or equipment if you charge the costs of the improvements as direct costs to NGB CA award.
2. We thereby acquire an interest in the property if the Federal Government did not previously have one. If the Federal Government already had an interest in the property, the value of that federal interest in the property increases by the amount of the federal interest in the improvements.
3. The property is subject to Section B of this article and the terms and conditions of PROP Articles II-IV and REP Article III that are applicable to real property or equipment acquired under the award.
4. The federal interest must be addressed at the time of property disposition.

PROP Article II. Property Management System.

Section A. Insurance Coverage for Real Property and Equipment.

You must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved under NGB CA awards as you provide for real property and equipment that you own.

Section B. Other Management System Standards for a State.

1. **Equipment.** Your property management system for equipment acquired or improved in whole or in part under an NGB CA award must be in accordance with your state laws and procedures.
2. **Federally Owned Property.** You may use your own property management system for any federally owned property for which you are accountable, if it meets the following minimum standards:
 - a. **Records.** Your records must include for each item of federally owned property:
 - (1) A description of the item.
 - (2) The location of the item.
 - (3) The serial or other identification number.
 - (4) Which federal agency holds title.

- (5) The date you received the item.
 - (6) Any data on the ultimate disposition of the item, such as the date of disposal.
 - (7) The federal award identification number of the award under which you are accountable for the item.
- b. **Inventory.** You must take a physical inventory of federally owned property at least annually and reconcile the results with your records.
- c. **Control System.** You must:
- (1) Maintain an internal property control system with adequate safeguards to prevent loss, damage, or theft of federally owned property.
 - (2) Investigate any loss, damage, or theft of federally owned property and promptly notify the award administration office.
- d. **Maintenance.** You must maintain the property in good condition.

Section C. Other Management System Standards for an Institution of Higher Education, Nonprofit Organization, Local Government, Indian Tribe, For-profit entity.

1. Your procedures for managing equipment (including replacement equipment) acquired or improved in whole or in part under NGB CA awards and any federally owned property for which you are accountable under NGB CA awards must, as a minimum, meet the requirements in this section.
2. **Records.** You must maintain records that include for each item of equipment or federally owned property:
 - a. A description of the item.
 - b. The serial or other identification number.
 - c. Who holds title (e.g., you or the Federal Government and, if the latter, which federal agency).
 - d. The source of funding for the equipment, including the award number, or the source of the federally owned property, including the award number of the award under which you are accountable for the property.
 - e. The acquisition date and cost of the equipment (or improvement to the equipment) or the date you received the federally owned property.
 - f. The location, use, and condition of the equipment or federally owned property.

- g. Information from which one can calculate the amount of the federal interest in the acquisition or improvement of the item (this amount is zero after you compensate us for the federal interest in the item or improvement).
 - h. Any data on the ultimate disposition of the item including the date of disposal and sale price.
3. **Labelling.** You must ensure that property owned by the Federal Government is labeled to identify it as federally owned property.
 4. **Inventory.** You must take a physical inventory of equipment in which there is a federal interest and reconcile the results with your records at least once every 2 years.
 5. **Control system.** You must:
 - a. Maintain an internal property control system with adequate safeguards to prevent loss, damage, or theft of equipment and federally owned property.
 - b. Investigate any loss, damage, or theft and notify the award administration office if it involved equipment in which there is a federal interest under the award or federally owned property.
 6. **Maintenance.** You must maintain equipment acquired or improved in whole or in part under the award and federally owned property in good condition.

PROP Article III. Use and Disposition of Real Property.

Section A. Use of Real Property.

1. You must use real property acquired or improved under NGB CA awards for the originally authorized purpose if needed for that purpose. During that time, you may not:
 - a. Dispose of the property except, with the prior approval of the award administration office, to acquire replacement property under NGB CA awards, in which case you may use the proceeds from the disposition as an offset to the cost of the replacement property; or
 - b. Encumber the title or other interests in the property without the prior approval of the award administration office.
2. RESERVED – Not Applicable.
3. RESERVED – Not Applicable.

Section B. Disposition of Real Property.

1. When you no longer need real property for the originally authorized purpose, you must

obtain disposition instructions from the award administration office except as provided in any section A.3 of this article. Those instructions will provide for one of the following three alternatives, which are that you:

- a. Retain title after compensating us for the federal interest in the property, which is to be computed as specified in the definition of “federal interest.”
 - b. Sell the property and compensate us for the federal interest in the property, as described in 2 CFR 200.311(c)(2).
2. Transfer title to us or a third party we designate, as described in 2 CFR 200.311(c)(3).

PROP Article IV. Use and Disposition of Equipment and Supplies.

Section A. Property Subject to This Article.

This article specifies requirements for use and disposition of equipment and supplies. If a provision of PROP Article I of these general terms and conditions and NGB CA award identifies any type of equipment or supplies as exempt property, requirements of this Article apply to that exempt property only to the extent specified in that provision of PROP Article I or an award-specific term or condition. The types of non-exempt property to which this article applies are:

- a. Supplies that you acquire either by purchase or by donation as cost sharing or matching under an NGB CA award.
- b. Equipment for which title is vested conditionally in you. That includes equipment with a conditional title resulting from your having, either under an NGB CA award or under a previous award from which you transferred accountability for the equipment to an NGB CA award:
 - (1) Directly charged as project costs, in whole or in part, the acquisition (by purchase, construction or fabrication, or development) of equipment,
 - (2) Donated the equipment to the project or program by counting the value of the remaining life of the property recorded in your accounting records or the fair market value toward any cost sharing or matching requirements under the award, rather than charging depreciation (see PROP Article I, Section D); or
 - (3) Directly charged as project costs improvements to the equipment that meet the criteria given in section E.1 of PROP Article I.

Section B. Requirements for a State’s Use and Disposition of Equipment.

- a. You must use the equipment for the authorized purposes of the project or program during the period of performance, or until the property is no longer needed for those purposes.

- b. You may not encumber the property without the prior approval of the award administration office.
- c. You must use and dispose of the equipment in accordance with your state laws and procedures.

Section C. Use of Equipment by an Institution of Higher Education, Nonprofit Organization, Local Government, Indian Tribe, or For-profit Entity.

1. You must use the equipment for the authorized purposes of the project or program under an NGB CA award until the equipment is no longer needed for those purposes, whether the project or program continues to be supported by NGB CA awards.
2. You may not encumber the equipment without the prior approval of the award administration office.
3. During the time that the equipment is used for the project or program under an NGB CA award:
 - a. You must make the equipment available for use on other projects or programs but only if that use will not interfere with the equipment's use as needed for the project or program supported by NGB CA award.
 - (1) First preference must be given to other projects or programs supported or previously supported by NGB and second preference to those supported or previously supported by other federal agencies.
 - (2) Third preference is for other projects or programs not supported by the Federal Government. You should charge user fees for use of the equipment in those cases if it is at all practicable.
 - b. You may use the equipment, if you need to acquire replacement equipment, as a trade-in or sell it (using sales procedures designed to ensure the highest possible return) and use the proceeds from the sale to offset the cost of the replacement equipment.
4. When the equipment is no longer needed for the project or program under an NGB CA award, you may defer final disposition of the equipment and continue to use it on other federally sponsored projects or programs. You must give priority to other projects or programs supported by NGB.
5. Notwithstanding the encouragement in FMS Article VII to earn program income, you may not use equipment in which there currently is a federal interest--whether you acquired it under an NGB CA award or are otherwise accountable for it under an NGB CA award--to provide services for a fee that is less than private companies charge for equivalent services.

Section D. Disposition of Equipment by an Institution of Higher Education, Nonprofit Organization, Local Government, Indian Tribe, or For-profit Entity.

1. You must request disposition instructions from the award administration office when either original or replacement equipment acquired under an NGB CA award with a current fair market value that exceeds \$5,000 is no longer needed for the original project or program or for other federally sponsored activities as described in Section C.4. of this article. For each item of equipment with a current fair market value of \$5,000 or less, you may retain, sell, or otherwise dispose of the item with no further obligation to the Federal Government.
2. We may issue disposition instructions that:
 - a. Allow you to retain or sell any item of equipment after compensating us for the federal interest in the property, which is to be computed as specified in the definition of "federal interest;" or
 - b. Require you to transfer title to the equipment to a federal agency or a third-party, in which case you are entitled to compensation from us for the non-federal interest in the equipment, plus any reasonable shipping or interim storage costs incurred.
3. If we fail to provide disposition instructions for any item of equipment within 120 calendar days of receiving your request, you may retain or sell the equipment, but you must compensate us for the amount of the federal interest in the equipment.
4. If you sell the equipment:
 - a. You must use sales procedures designed to ensure the highest possible return.
 - b. You may deduct and retain for selling and handling expenses either \$500 or ten percent of the proceeds, whichever is less.

Section E. Use and Disposition of Supplies Acquired under NGB CA Awards.

1. **Use.** If we retain a federal interest in supplies acquired under an NGB CA award either by purchase or by donation as cost sharing or matching, you may not use the supplies to provide services to other organizations for a fee that is less than private companies charge for equivalent services, notwithstanding the encouragement in FMS Article VII to earn program income.
2. **Disposition.** If you have a residual inventory of unused supplies with aggregate value exceeding \$5,000 at the end of the period of performance under an NGB CA award, and the supplies are not needed for any other federal award, you may retain the supplies or sell them but must in either case compensate us for the amount of the federal interest in the supplies. You may deduct and retain for selling and handling expenses either \$500 or ten percent of the proceeds, whichever is less.

PROP Article V. Use and Disposition of Federally Owned Property.

Section A. Use.

During the time that federally owned property for which you are accountable under an NGB CA award is used for the project or program supported by the award, you:

- a. Also, may make the property available for use on other federally supported projects or programs, but only if that use will not interfere with the property's use for the project or program supported by NGB CA award. You must give priority to other projects or programs supported by DoD Components (NGB).
- b. May use the property for purposes other than federally supported projects or programs only with the prior approval of the awarding office or, if you request approval after the award is made, the award administration office.

Section B. Disposition.

You must request disposition instructions from the award administration office for any federally owned property under an NGB CA award, including any property for which a subrecipient is accountable under a subaward you make under an NGB CA award, either:

- a. At any time during the period of performance if the property is no longer needed for the project or program supported by NGB CA awards; or
- b. At the end of the period of performance.

 - a. Reproduce, publish, or otherwise use the work for Federal Government purposes.
 - b. Authorize others to reproduce, publish, or otherwise use the work for Federal Government purposes.

Section B. Inventions Developed under the Award.

1. **Applicability of Governmentwide Clause for Research Awards.** You must comply with the governmentwide patent rights award clause at 37 CFR 401.14, with the

modifications described in section B.2 of this section. NGB adopts that Governmentwide clause for the following entities, thereby broadening the applicability beyond types of entities included in the definition of “contractor” in 37 CFR part 401:

Any institution of higher education, non-profit organization, state, local government, Indian tribe, for-profit entity, foreign organization, or foreign public entity receiving a NGB award for the performance of experimental, research, or developmental work.

2. **Modifications to the Wording of the Federal Governmentwide Clause.** NGB adopts the governmentwide clause at 37 CFR 401.14, as described in paragraph B.1 of this section, with the following modifications:

a. **Terminology.** Throughout the governmentwide award clause:

(1) Insert the terms “recipient” and “subrecipient (or contractor to the recipient or to a subrecipient)” to replace the terms “contractor” and “subcontractor,” respectively.

(2) Insert the terms “award” and “subaward (or contract under either the award or a subaward)” to replace the terms “contract” and “subcontract,” respectively.

b. **Final report.** Add a new subparagraph (f)(5) to read, “The recipient must submit a final report listing all subject inventions made under the award or stating that there were none. The final report is due 120 calendar days after the end date of the period of performance unless you request, and we grant an extension of the due date.”

c. **Broadening Applicability to all Entities.** Delete sections (g)(2) and (3) of the governmentwide clause, redesignate paragraph (g)(1) as paragraph (g), and delete the phrase “to be performed by a small business firm or domestic nonprofit organization” from paragraph (g) as redesignated.

Section C. Data Produced under the Award.

1. **Data in general.** The Federal Government has the right to:

b. Authorize others to receive, reproduce, publish, or otherwise use the data produced under NGB CA awards for Federal Government purposes.

2. **Research Data Requested under the Freedom of Information Act (FOIA).**

a. If we receive a request under the FOIA for “research data” that are related to “published research findings” produced under NGB CA awards and that were “used by the Federal Government in developing an agency action that has the force and effect of law,” you must provide the data to us within a reasonable time after we

request it from you, so that the data can be made available to the public through procedures established under the FOIA.

- b. For purposes of the requirement in paragraph C.2.a of this section, 2 CFR 200.315(e) provides definitions of the phrases “published research findings,” “used by the Federal Government in developing an agency action that has the force and effect of law,” and “research data.”

Section D. Use and Disposition of Intangible Property Acquired, but not Developed or Produced, under the Award.

1. **Applicability.** This section applies to a patent, patent application, copyright, or other intangible property acquired, but not developed or produced, under NGB CA awards.
2. **Use.** You:
 - a. Must use the intangible property for the authorized purpose under NGB CA awards until the intangible property is no longer needed for that purpose, whether that purpose is still being supported by NGB CA awards.
 - b. May not encumber the intangible property without the prior approval of the award administration office.
3. **Disposition.** When the intangible property is no longer needed for the originally authorized purpose, you must contact the award administration office to arrange for disposition in accordance with the procedures specified for disposition of equipment in either Section B or D of PROP Article IV, as applicable.

This includes information on your immediate and highest-level owner and subsidiaries, as well as on all your predecessors that have been awarded a federal contract or federal financial assistance within the last three years, if applicable.
2. You must maintain the information in that system until you submit the final financial report required under NGB CA awards or receive the final payment, whichever is later.
3. You must review and update the information at least annually after your initial registration in the system (unless you are subject to the requirements in Section B) and more frequently if required by changes in your information.

Section B. Reporting of Performance and Integrity Information.

1. **General Reporting Requirement.** If the total value of your currently active grants, cooperative agreements, and procurement contracts from all federal agencies exceeds \$10,000,000 for any time during the period of performance of NGB CA awards, then during that time you must maintain in SAM the currency of information required by Section B.2 of this section. Note that:
 - a. This reporting is required under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313).
 - b. As required by section 3010 of Public Law 111-212, all performance and integrity information posted in the designated information system on or after April 15, 2011, except past performance reviews required for federal procurement contracts, will be publicly available.

The currently designated integrity and performance information system is the Federal Awardee Performance and Integrity Information System (FAPIIS).

 - (a) It could have led to an outcome described in section B.2.c.i, ii, or iii of this section.
 - (b) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part.
 - (c) The requirement in this section to disclose information about the proceeding does not conflict with applicable laws and regulations.

3. **Reporting Procedures.** Submit the information required in Section B.2 of this section to the Entity Management functional area of SAM.

- a. Current procedures are to submit the information as part of the maintenance of your information in the SAM that Section A of this article requires.
- b. You do not need to submit the information again under NGB CA awards if you already reported current information to the SAM under another federal grant, cooperative agreement, or procurement contract.

4. **Reporting frequency.** During any period when you are subject to the requirement in section B.1 of this section, you must report to SAM at least semiannually following your initial report of any information required in Section B.2 of this section, either to provide new information not reported previously or affirm that there is no new information to report.

5. **Definitions.** For purposes of this section:

- a. *Administrative proceeding* means a non-judicial process that is adjudicatory in nature to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the federal and state level but only in connection with performance of a federal contract, grant, or cooperative agreement. It does not

include audits, site visits, corrective plans, or inspection of deliverables.

bribery, or a gratuity violation.

4. Safeguarding of the Information.

a. To the extent permitted by law and regulation, we will:

- (2) Not release the information to the public in response to a Freedom of Information Act (5 U.S.C. 552) request without notifying you in advance.

b. We may transfer documents you provide to us to any other department or agency within the Executive Branch of the Federal Government if the information relates to matters within that organization’s jurisdiction.

OAR Article II. Records Retention and Access.

Section A. Records Retention Period.

1. Except as provided in Sections B through D of this article:
2. You must keep records related to any real property and equipment acquired, in whole or in part, using federal funds under the award for 3 years after final disposition of the property. For any item of exempt property with a current fair market value greater than \$5,000, and for which final disposition was not a condition of the title vesting, you must keep whatever records you need for as long as necessary to ensure that you can deduct the federal share if you later use the property in contributions for cost sharing or matching purposes under any federal award.
3. You must keep records related to rate proposals for indirect or facilities and administrative costs, cost allocation plans, and supporting records such as indirect cost rate computations and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback or composite fringe benefit rates) as follows:
 - a. If you are required to submit a proposal, plan, or other computations to your federal cognizant agency for indirect costs, as the basis for negotiation of a rate, you must keep the submissions and all supporting records for 3 years from the date on which you were required to make the submissions.
 - b. If you are not required to submit a proposal, plan, or other computation as the basis for negotiation, you must keep the proposal, plan, other computation, and supporting records for 3 years from the end of the fiscal year or other accounting period covered by the proposal, plan, or other computation.
4. You must keep other financial records, supporting documents, statistical records, and

other records pertinent to NGB CA awards for a period of 3 years from the date you submit your final financial report under the award.

Section B. Extensions of Retention Period Due to Litigation, Claim, or Audit.

1. If any litigation, claim, or audit begins before the end of the 3-year retention period specified in Section A of this article and the final action related to the litigation, claim, or audit is not taken before the end of that 3-year period, you must retain all records related to NGB CA awards that may be involved in the litigation, claim, or audit until all findings involving the records have been resolved and final action taken.
2. We may disallow costs and recover funds under NGB CA awards based on an audit or other review of records during the record retention period, including any extension to that retention period that we required in a written notification to you.

Section C. Records for Program Income Earned After the End of the Performance Period.

In accordance with Section F of FMS Article VII, there are no requirements under NGB CA awards applicable to program income you earn after the end of the period of performance and therefore no associated records retention requirements.

Section D. Records for Joint or Long-term Use.

1. **Joint Use.** To avoid duplicate recordkeeping for records that you and we both need to use on a continuous basis, we may ask you to make special arrangements with us, by mutual agreement, to make records available for joint and continuous use.
2. **Long-term use.** If we determine that some records will be needed longer than the 3-year period specified in Section A of this article, we may request that you either:
 - a. Retain the records for a longer time; or
 - b. Transfer the records to our custody for long-term retention.
3. **Retention requirements for transferred records.** For any records transferred to our custody, you are not subject to the records retention requirements in Section A of this article.

Section E. Methods for Collecting, Transmitting, and Storing Information.

1. You should, whenever practicable, collect, transmit, and store information related to NGB CA awards in open and machine-readable formats rather than in closed formats or on paper. However, if you request it, we will:
 - a. Provide award related information to you on paper.
 - b. Accept award related information from you on paper. In that case, we will not require more than an original and two copies.

2. When your original records are in an electronic form that cannot be altered, you do not need to create and retain paper copies of those records.
3. When your original records are on paper, you may substitute electronic versions produced through duplication or using other forms of electronic media, provided that:
 - a. You conduct periodic quality control reviews of the records.
 - b. You provide reasonable safeguards against alteration of the records.
 - c. The records remain readable.

Section F. Access to Records.

1. Scope of Government Access Rights.

- a. We as the awarding agency, the Federal Government Inspectors General, the Comptroller General of the United States, and any of our authorized representatives have the right of access to any documents, papers, or other records you have that are pertinent to NGB CA awards, to make audits, examinations, excerpts, and transcripts.
- b. This right also includes timely and reasonable access to your personnel for the purposes of interview and discussion related to the records.
- c. As described in OMB guidance at 2 CFR 200.337(b), the access to records described in this section will include access to the true name of a victim of a crime only under extraordinary and rare circumstances.
 - (1) You are required to provide that access only in response to a court order or subpoena pursuant to a bona fide confidential investigation, or in response to a request duly authorized by the head of NGB or his or her designee.
 - (2) You must take appropriate steps to protect this sensitive information.

2. **Duration of Government Access Rights.** We have the access rights described in paragraph F.1 of this section as long as you retain the records.

3. Public access.

- a. You must comply with requirements to protect information that Federal statute, Executive order, or regulation requires to be protected (e.g., personally identifiable or export-controlled information), to include both information generated under NGB CA awards and information provided to you and identified as being subject to protection. Other than those limitations on dissemination of information, we place no restrictions on you that limit public access to your records pertinent to NGB CA awards.

- b. We do not place any requirements on you to permit public access to your records separate from any federal, state, local, or tribal statute that may require you to do so.
- c. The Freedom of Information Act (FOIA, 5 U.S.C. 552) does not apply to records in your possession but records you provide to us generally will be subject to FOIA, with the applicable exemptions.

OAR Article III. Remedies and Termination.

Section A. Noncompliance with Award Terms and Conditions.

If you fail to comply with a term or condition of NGB CA awards or an applicable federal statute or regulation, we may amend NGB CA awards to impose award-specific conditions, as described in OMB guidance in 2 CFR 200.208. If imposing award specific conditions, we will notify you before modifying the award and, once you have corrected the noncompliance, promptly remove the award-specific conditions. If we determine that the imposition of award-specific conditions is insufficient to correct the noncompliance or the non-compliance remains uncorrected despite the use of award-specific conditions, we may consider taking one or more of the remedies specified in Section B of this article.

Section B. Remedies for Noncompliance.

1. If you fail to comply with a term or condition of NGB CA awards or an applicable Federal statute or regulation, we may take one or more of the following actions that we deem appropriate to the circumstances:
 - a. Temporarily withhold cash payments pending:
 - (1) Your correction of the deficiency.
 - (2) Our taking more severe remedies.
 - b. Disallow (that is, deny both use of funds and any applicable cost-sharing or matching credit for) all or part of the cost of the activity or action not in compliance.
 - c. Suspend or, in accordance with section C.1.a.i. of this article, terminate NGB CA awards, in whole or in part (suspension of an award is a separate and distinct action from suspension of a person under 2 CFR parts 180 and 1125, as noted in Section B.3 of this article).
 - d. Withhold further awards to you for the project or program that is not in compliance.
 - e. Take any other action legally available to us under the circumstances.

2. You may raise an objection to our taking any remedy we take under Section B.1 of this section and will be given an opportunity to provide information and documentation challenging the action. The procedures are those specified in OAR Article IV for claims and disputes.
3. Our use of any remedy under Section B.1 of this section, including suspension or termination of the award, does not preclude our referring the noncompliance to a suspension and debarment official and asking that official to consider initiating a suspension or debarment action under 2 CFR part 1125, the DoD (NGB) implementation of OMB guidance at 2 CFR part 180.

Section C. Termination.

1. NGB CA awards may be terminated in whole or in part as follows:
 - a. **Unilaterally by the Federal Government.** We will provide a notice of termination if we unilaterally terminate NGB CA awards in whole or in part, which we may do for either of the following reasons:
 - (1) Your material failure to comply with the award terms and conditions. If we terminate the award for that reason, we will report the termination to the OMB-designated integrity and performance system (currently FAPIIS). In accordance with 41 U.S.C. §2313, each federal awarding official must review and consider the information in the OMB-designated integrity and performance system regarding any proposal or offer before awarding a grant or contract.
 - (2) The program office does not have funding for an upcoming increment if NGB CA awards is incrementally funded. In that case, the Federal Government's financial obligation does not exceed the amount currently obligated under the award.
 - b. **By Mutual Agreement.** With your consent, we may terminate NGB CA awards, in whole or in part, for any reason. In that case, you and we must agree to:
 - (1) The termination conditions, including the effective date.
 - (2) In the case of a partial termination, the portion to be terminated.
 - c. **Unilaterally by the Recipient.** You may unilaterally terminate NGB CA awards, in whole or in part, by sending us written notification that states:
 - (1) The reasons for the termination.
 - (2) The effective date.
 - (3) In the case of partial termination, the portion to be terminated. In that case, however, we may terminate the award in its entirety if we determine that the remaining portion of the award will not accomplish the purposes for which we

made the award.

2. If an NGB CA award is terminated in its entirety before the end of the performance period, you must complete the closeout actions for which you are responsible under OAR Article VI. The due date for each action is to be measured relative to the date of termination.
3. If an NGB CA award is only partially terminated before the end of the performance period, with a reduced or modified portion of the award continuing through the end of the performance period, then closeout actions will occur at the end of the performance period as specified in OAR Article VI.
4. You will continue to have all the post-closeout responsibilities that OAR Article VII specifies for you if an NGB CA award is wholly or partially terminated before the end of the performance period.

Section D. Effects of Suspension or Termination of the Award on Allowability of Costs.

1. If we suspend or terminate NGB CA awards prior to the end of the period of performance, costs resulting from obligations that you incurred:
 - a. Before the effective date of the suspension or termination are allowable if:
 - (1) You properly incurred those obligations.
 - (2) You did not incur the obligations in anticipation of the suspension or termination.
 - (3) In the case of termination, the costs resulted from obligations that were noncancellable after the termination.
 - (4) The costs would have been allowable if we had not suspended or terminated the award and it had expired normally at the end of the period of performance.
 - b. During the suspension or after the termination are not allowable unless we expressly authorize them, either in the notice of suspension or termination or subsequently.

OAR Article IV. Claims, Disputes, and Appeals.

Section A. Definitions.

1. **Claim.** The definition of the term “claim,” as it is used in this article, is in 2 CFR 1108.80.
2. **Grant Appeal Authority.** **RESERVED – Only applicable if provided in DoD Component addendum to these terms and conditions.**

Section B. Submission of Claims.

1. **Your claims.** To submit a claim arising out of NGB CA awards, you must submit it in writing to the grants officer for decision, specify the nature and basis for the relief you are requesting, and include all data that supports your claim.
2. **Government claims.** You will receive a written grants officer's decision if an NGB claim arises out of NGB CA awards.

Section C. Alternative Dispute Resolution.

1. We encourage resolution of all issues related to NGB CA awards by mutual agreement between you and the grants officer.
2. If you and the grants officer are unable to resolve an issue through unassisted negotiations, we encourage use of Alternative Dispute Resolution (ADR) procedures to try to do so. ADR procedures are any voluntary means, such as mini-trials or mediation, used to resolve issues in controversy. ADR procedures may be used prior to submission of a claim or at any other time prior to the Grant Appeal Authority's decision on any appeal you submit.

Section D. Grants Officer Decisions for Claims you Submit.

1. Within 60 calendar days of receiving your claim, the grants officer will either:
 - a. Transmit a written decision that:
 - (1) Identifies data on which the decision is based.
 - (2) Identifies and provides the mailing address for the Grant Appeal Authority to whom you will submit an appeal of the decision if you elect to do so; or
 - b. If more time is required to render a written decision, notify you of a specific date when he or she will render the decision and inform you of the reason for delaying it.
2. The grants officer's decision will be final unless you decide to appeal, in which case we encourage use of ADR procedures as noted in Section C of this article.

Section E. Formal Administrative Appeals.

1. **Right to Appeal.** You have the right to appeal a grants officer's decision to the Grant Appeal Authority identified in Section A of this article.
2. **Notice of Appeal.** You may appeal a grants officer's decision within 90 calendar days of receiving the decision by submitting a written notice of appeal to the Grant Appeal Authority and grants officer. If you elect to use ADR procedures, you are allowed an additional 60 calendar days to submit the written notice of appeal.

3. **Appeal File.** Within 30 calendar days of the grants officer's receipt of your notice of appeal, you should receive the appeal file with copies of all documents relevant to the appeal. You may supplement the file with other documents you deem relevant and with a memorandum in support of your position for the Grant Appeal Authority's consideration. The Grant Appeal Authority may request additional information from you.
4. **Decision.** Unless the Grant Appeal Authority decides to conduct fact-finding procedures or an oral hearing on the appeal, the appeal will be decided solely based on the written record. Any fact-finding or hearing will be conducted using procedures that the Grant Appeal Authority deems appropriate.

Section F. Representation.

You may be represented by counsel or any other designated representative in any claim, appeal, or ADR proceeding, if the representative is not otherwise prohibited by law or regulation from appearing before NGB.

Section G. Non-exclusivity of Remedies.

Nothing in this article is intended to limit your right to any remedy under the law.

Section H. Effect of Grant Appeal Authority's Decision.

The Grant Appeal Authority's decision is the final administrative decision of NGB and cannot be further appealed within NGB.

OAR Article V. Collection of Amounts Due.

Section A. Establishing a Debt.

1. Any amount paid to you more than the amount to which you are determined to be entitled under the terms and conditions of NGB CA awards constitutes a debt to the Federal Government.
2. The grants officer will attempt to resolve any claim of your indebtedness arising out of NGB CA awards by mutual agreement.
3. If the grants officer fails to resolve the claim in that manner, you will receive a written notice of the grants officer's decision formally determining the debt, as described in Section B.2 of OAR Article IV. The notice will describe the debt, including the amount, name and address of the official who determined the debt, and a copy of that official's determination.

Section B. Debt Delinquency and Appeals.

1. Within 30 calendar days of the grants officer's decision, you must either pay the amount owed to the address provided in the written notice or inform the grants officer

that you intend to appeal the decision. Appeal procedures are described in OAR Article IV.

2. If you elect not to appeal, any amounts not paid within 30 calendar days of the grants officer's decision will be a delinquent debt.
3. If you elect to appeal the grants officer's decision, you will have 90 calendar days after receipt of the grants officer's decision to file your appeal unless Alternative Dispute Resolution (ADR) procedures are used, as described in Section C of OAR Article IV, in which case you will have 150 calendar days.

Section C. Demand Letter, Interest, and Debt Collection.

1. If within 30 calendar days of the grants officer's decision, you neither pay the amount due nor provide notice of your intent to appeal the grants officer's decision, the grants officer will send you a demand letter identifying a payment office that will be responsible for any further debt collection activity.
2. If you do not pay by the due date specified in the written demand letter, the Federal Government may collect part or all the debt by:
 - a. Making an administrative offset against your requests for reimbursements under federal awards.
 - b. Withholding advance payments otherwise due to you.
 - c. Any other action permitted by federal statute.
3. The debt will bear interest, and may include penalties and other administrative costs, in accordance with applicable provisions of NGB Financial Management Regulation (DoD 7000.14-R), which implements the Federal Claims Collection Standards. The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

OAR Article VI. Closeout.

Section A. Liquidation of Financial Obligations.

Unless the award administration office authorizes an extension of the due date, you must liquidate all financial obligations that you incurred under NGB CA awards not later than 120 calendar days after the end date of the period of performance.

Section B. Refunds of Unobligated Balances.

You must promptly refund to the award administration office any balances of unobligated cash that we have advanced or paid to you and not authorized you to use on other projects or programs.

Section C. Final Reports.

You must submit the:

1. Final performance report under NGB CA awards no later than the date specified in Section C of REP Article I, subject to any extensions granted under Section D of that article.
2. Final financial report under NGB CA awards no later than the date specified in Section C of REP Article II, subject to any extensions granted under Section D of that article.
3. Final report listing subject inventions made under the award no later than the date specified in Section B of PROP Article VI.
4. Other final reports that are required under NGB CA awards no later than 120 calendar days after the end date of the period of performance, unless you request an extension of the due date, and the award administration office approves the request.

Section D. Accounting for Property.

You must account for any real property, equipment, supplies, and intangible property that you and any subrecipients acquired or improved under the award, in accordance with PROP Articles I through IV and VI. Your requests for disposition instructions for any federally owned property, as required by PROP Article V, meet the need described in OMB guidance at 2 CFR 200.344(f) to account for that property at closeout.

Section E. Delinquent Final Reports and Timeframe for Closeout.

1. We intend to closeout NGB CA awards no later than one year after the end date of the period of performance.
 - a. If you or your lower-tier entities (e.g., subrecipients) do not have negotiated final indirect costs rates before the due date of the final financial reports, the final reports must be based on the best information at the time (e.g., proposed final indirect rates). You will have post-closeout continuing responsibilities related to the finalization of those rates in accordance with section A.2 of OAR Article VII.
 - b. If you do not provide timely and/or accurate final reports or do not respond timely to our requests to reconcile discrepancies in these reports or other records, we may initiate closeout based on information we have on hand. For example, if you fail to submit a timely final financial report, we may use amounts provided in the latest interim financial report and/or payment request to determine final amounts to be paid for closeout purposes.
2. Failure to submit timely and accurate final reports may result in our taking one or more remedies as specified in Section B of OAR Article III and reporting your material failure to comply with the terms and conditions of NGB CA awards in the OMB-designated

integrity and performance system accessible through SAM (currently FAPIIS).

OAR Article VII. Post-Closeout Adjustments and Continuing Responsibilities.

Section A. Adjustments.

The closeout of NGB CA awards does not affect:

1. Our right to disallow costs and recover funds based on a later audit or other review, if we make the determination that the costs are disallowed and notify you about that determination as specified in section B.2 of OAR Article II of these terms and conditions.
2. Your obligation to return any funds due to the Federal Government because of later refunds, corrections, or other transactions (to include any adjustments in final indirect cost rates).

Section B. Continuing Responsibilities.

After closeout of NGB CA awards, you must continue to comply with terms and conditions of NGB CA awards that have applicability beyond closeout, including requirements concerning:

- a. Audits, as specified in FMS Article V, that cover periods of time during which you expended funds under NGB CA awards.
- b. Management, use, and disposition of any real property or equipment acquired or improved under NGB CA awards in which we continue to have a federal interest after closeout, as specified in PROP Articles I through IV.
- c. Retention of, and access to, records related to NGB CA awards, as specified in OAR Article II.

Part 6: Subawards (Articles from this part are designated with “SUB” in the article title)

SUB Article I. Distinguishing Subawards and Procurements.

Section A. Required Recipient Determination.

For each transaction into which you enter with another entity at the next tier below NGB CA awards, you must determine whether the transaction is a subaward or procurement transaction.

Section B. Considerations in Making the Determination.

1. The primary purpose of the transaction between you and the other entity is the key factor you must use to determine whether the transaction is a subaward or procurement transaction.
 - a. The transaction is a subaward and the other entity, therefore, a subrecipient if the transaction's primary purpose is for you to transfer—for performance by the other entity—a portion of the substantive project or program for which we are providing financial assistance to you through NGB CA awards. You will continue to be accountable to us for performance of the project or program under the award, including portions performed by any subrecipients.
 - b. The transaction is a procurement transaction and the other entity therefore a contractor if the transaction's primary purpose is for you to purchase goods or services that you need to perform the substantive project or program supported by NGB CA awards. The distinction from a subaward is the contractor is not performing a portion of the substantive project or program because of the transaction.
2. What you call the transaction is not a factor in distinguishing a subaward from a procurement transaction. If the transaction meets the criterion in section B.1.a of this article, it is a subaward for purposes of the requirements of NGB CA awards even if you call and consider the transaction a “contract.”

Section C. Effect of the Determination on the Next-Tier Transaction.

1. **Process for Awarding the Transaction.** One important consequence of your determining whether a next-tier transaction is a subaward or procurement is that there are different requirements governing the pre-award and time of award processes that you use to award the transaction.
 - a. SUB Article II of this Part specifies pre-award and time of award responsibilities for subawards.
 - b. PROC Articles I and II of this Part govern pre-award and time of award processes for awarding procurement transactions.
2. **Transaction Terms and Conditions.** A second important consequence of your determining whether a next-tier transaction is a subaward or procurement transaction is that the terms and conditions you include in a subaward differ from those you include in a procurement transaction.
 - a. Section C of SUB Article II of this Part addresses requirements you must include in subaward terms and conditions. Those requirements are generally either identical or directly related to requirements in the general terms and conditions of NGB CA awards. They include national policy requirements, as well as administrative requirements in areas such as financial and programmatic management, property administration, procurement, and reporting.

- b. PROC Article III of these general terms and conditions lists requirements you must include in a procurement transaction when applicable.

SUB Article II. Pre-award and Time of Award Responsibilities.

Section A. Requirements for Unique Entity Identifiers.

1. **Definition of “Entity”.** For purposes of the unique entity identifier requirements in paragraphs A.2 and 3 of this section, “entity” has the meaning given in paragraph C.3 of appendix A to OMB guidance in 2 CFR part 25.
2. **Pre-notification of Potential Subrecipients.** You must notify potential subrecipients that no entity may receive a subaward from you under NGB CA awards unless it has provided its unique entity identifier to you.
3. **Restriction on Making Subawards.**
 - a. **General.** You may not make a subaward to an entity unless the entity has provided its unique entity identifier to you, as required in 2 CFR part 25.300. Subrecipients are not required to obtain an active SAM registration but must obtain a Unique Entity Identifier.
 - b. **Exception.** You may make a subaward to an entity that has not provided its unique entity identifier to you in rare cases in which you requested, and we approved an exemption from the requirement for the entity to provide a unique entity identifier, based on the criteria in OMB guidance in 2 CFR part 25.110(c).

Section B. Pre-award Risk Assessment.

1. Before making a subaward to an entity, you must perform a risk assessment of the prospective subrecipient, as described in 2 CFR 200.332(b). OMB guidance in 2 CFR 200.206(c) provides examples of factors you may consider in evaluating risk.
2. As part of the risk assessment under Section B.1 of this article, you must:
 - a. Verify that neither the prospective subrecipient nor its principals under the proposed subaward are excluded or disqualified from participating in the transaction, in accordance with requirements in Subpart C of OMB guidance in 2 CFR part 180, as implemented by NGB at 2 CFR part 1125; and
 - b. If warranted by risks you identify, determine whether to impose award-specific terms and conditions in the subaward to mitigate the risks.
 - (1) These award-specific terms and conditions may be in addition to, or differ from, the terms and conditions that SUB Articles IV through IX under this Part requires you to include in subawards.

- (2) They may include items such as those listed in OMB guidance in 2 CFR 200.208(c)(1) through (6).
- (3) Your procedures for imposing and removing the additional or different requirements must comply with the procedural guidance in 2 CFR 200.208(d) and (e).

Section C. Subaward Content.

1. Cost-Type Subawards.

- a. SUB Article III of this Part specifies informational content that you must include in each cost type subaward.
- b. SUB Articles IV through VIII specify administrative requirements that you must include:
 - (1) As applicable, in each cost-type subaward to:
 - (a) A domestic entity (i.e., an entity other than a foreign public entity or a foreign organization).
 - (b) An organizational unit of a foreign organization if that unit has a place of business in the United States.
 - (c) To the maximum extent practicable in each cost-type subaward to either a foreign public entity or an organizational unit of a foreign organization that does not have a place of business in the United States (regardless of whether another organizational unit of that foreign organization has one). However, absent our prior approval, you may not allow that foreign entity or organization to acquire real property or equipment under a subaward.
- c. SUB Article IX of this Part specifies national policy requirements that you must include, as applicable, in each cost-type subaward.
- d. SUB Article XI of this award specifies requirements that you must include in any subaward under which you determine that the subrecipient may make lower-tier subawards to other entities.

2. **Fixed-Amount Type Subawards.** SUB Article XII of this Part specifies informational content and administrative and national policy requirements that you must include in any fixed amount subaward.

3. **Additional Subaward Terms and Conditions.** You may include other requirements in your subawards that you need to meet your responsibilities under NGB CA awards for performance of the project or program (including portions performed by subrecipients) and compliance with applicable administrative and national policy requirements.

Section D. Subaward and Executive Compensation Reporting.

You must report subaward obligating actions and information on subrecipients' executive compensation as required by REP Article IV of these general terms and conditions.

SUB Article III. Informational Content of Subawards.

Section A. Informational Content in General.

You must include in each subaward (and each subsequent modification to a subaward that alters the amount of the subaward) the information specified in OMB guidance in 2 CFR 200.332(a)(1), "Federal Award Identification," with the clarifications provided in Sections B through G of this article.

Section B. Federal Award Identification Number and Award Date.

The "Federal Award Identification Number" and "Federal Award Date" described in 2 CFR 200.332(a)(1)(iii) and (iv), respectively, are the award number and award date for NGB CA awards to you. You must provide the information in a way that makes it clear that the subaward is under NGB CA award.

Section C. Amount of Federal Funds Obligated.

1. The "Amount of Federal Funds Obligated by this action by the pass-through entity to the subrecipient" that is described in 2 CFR 200.332(a)(1)(vi) is either:
 - a. The amount of your obligation to the subrecipient, if the terms and conditions of NGB CA awards do not require you to provide any cost sharing or matching for the project or program the award supports; or
 - b. The amount of the federal share of your subaward obligation if NGB CA awards does require cost sharing or matching, which in that case is the product of:
 - (1) The federal share of total project costs under NGB CA award to you, as a percentage of those total project costs; and
 - (2) The total amount of project costs obligated for the subaward action.
2. Note that the total project costs of the award and subaward, as used in paragraphs C.1.b.i and ii of this section, include any cost sharing or matching that you or the subrecipient provides to meet any cost sharing or matching requirement under NGB CA awards.

Section D. Total Amount Obligated to the Subrecipient.

The “Total Amount of Federal Funds Obligated to the Subrecipient by the pass-through entity including the current obligation,” as described in 2 CFR 200.332(a)(1)(vii), is the cumulative amount to date of the amounts described in Section C of this article.

Section E. Total Amount of the Federal Award.

The “Total Amount of the Federal Award committed to the subrecipient by the pass-through entity,” as described in 2 CFR 200.332(a)(1)(viii), is the total amount through the end of the subaward that you and the subrecipient mutually agreed upon, to include: funding obligated to date, any future anticipated funding increments, and any options you may exercise in the future.

Section F. Federal Awarding Agency, Pass-Through Entity, and Awarding Official.

The “Name of federal awarding agency” and “pass-through entity,” as those terms are used in 2 CFR 200.332(a)(1)(x) are NGB and the business name associated with your registration in the System for Award Management. In that same section of 2 CFR part 200, the “awarding official” is the individual in your organization who made the subaward.

Section G. Indirect Cost Rate. RESERVED – Not currently applicable to NGB - See Subdivision D of this document.

SUB Article IV. Financial and Program Management Requirements for Subawards.

Section A. Purposes of this Article in Relation to other Articles.

1. This article specifies administrative requirements concerning financial and program management that you must include in the terms and conditions of each cost-type subaward that you make under NGB CA awards to a domestic entity.
2. It thereby addresses the flow down to subrecipients of requirements with which you must comply under FMS Articles I through VII of these general terms and conditions.
3. SUB Article XII of these general terms and conditions addresses which of these administrative requirements you must include in any fixed-amount subaward that you make, if you are authorized to make fixed-amount subawards under NGB CA awards.

Section B. Financial Management System Standards.

1. You must include in any subaward you make under NGB CA awards the requirements of:
 - a. Sections A through C of FMS Article I of these general terms and conditions if the subrecipient is a state.
 - b. Sections B and C of FMS Article I if the subrecipient is an institution of higher

education, nonprofit organization, local government, Indian tribe, or for-profit entity.

Section C. Payments.

1. **Subawards to States.** You must include the provisions of Section A of FMS Article II of these general terms and conditions in each subaward you make to a state.
2. **Subawards to Institutions of Higher Education, Nonprofit Organizations, Local Governments, Indian Tribes, and For-profit Entities.** The following paragraphs specify requirements you must include in subawards to institutions of higher education, nonprofit organizations, local governments, and Indian tribes.

a. Payment Method.

- (1) If you are authorized to request advance payments under NGB CA awards, you must authorize a subrecipient to request advance payments unless:
 - (a) The subrecipient does not maintain, or demonstrate the willingness to maintain, written procedures that minimize the time elapsing between its receipt of each payment and its disbursement of the funds for project or program purposes.
 - (b) You impose a requirement for the subrecipient to be paid by reimbursement because of your risk evaluation of the subrecipient under SUB Article II of these general terms and conditions.
 - (c) The subaward is for construction; or
 - (d) The subrecipient requests reimbursement of funds after it disburses them for project or program purposes.
- (2) If you do not authorize advance payments for one of the reasons given in Section C.2.a.(1) of this article, you must specify either reimbursement or working capital advances as the payment method in accordance with OMB guidance in 2 CFR 200.305(b)(3) and (4).

b. Payment Timing and Amount.

- (1) **Advances.** You must limit advance payments to the minimum amounts needed and time the payments to be in accordance with the subrecipient's actual, immediate cash requirements in carrying out the project or program under the subaward. The timing and amount of your advance payments to the subrecipient must be as close as is administratively feasible to the subrecipient's actual disbursements for direct project costs and the proportionate share of any allowable indirect costs. Your subawards also must include the requirements of sections B.2.b and c of FMS Article II to specify costs subrecipients must exclude from amounts of their advance payment requests.

- (2) **Reimbursements or Working Capital Advances.** You must follow OMB guidance in 2 CFR 200.305(b)(3) and (4) concerning timing and amount of reimbursements or working capital advances.
- c. **Frequency of Requests.** You must allow the subrecipient to request advance payments or reimbursements, including those associated with the working capital advance payment method, as often as it wishes if you pay using electronic funds transfers and at least monthly otherwise.
 - d. **Other Requirements.**
 - (1) In any subaward that was subject to our consent, you must include the requirements of Section B.5 of FMS Article II of these general terms and conditions concerning withholding of payments.
 - (2) You must include the provisions of Section B.6 of FMS Article II concerning depositories in each subaward that authorizes the subrecipient to request advance payments.

Section D. Allowable Costs, Period of Availability of Funds, and Fee and Profit.

1. You must include in each subaward a requirement that the allowability of costs under the subaward (and any lower tier subawards or procurement transactions into which the subrecipient enters) must be determined in accordance with the applicable cost principles identified in Section A of FMS Article III of these general terms and conditions.
2. You must specify in each subaward the period of availability of funds for any project or program purpose so that the period neither begins before nor ends after the period during which you may use funds available to you under NGB CA awards for that same project or program purpose.
3. You must include in each subaward the provisions concerning fee or profit that are in Section D of FMS Article III of these general terms and conditions.

Section E. Revision of budget and program plans.

You must include in each subaward provisions requiring the subrecipient to request your approval for any change in the subaward budget or program that would cause a budget or program change under NGB CA awards for which Section B of FMS Article IV requires you to first obtain our prior approval. You may not approve any budget or program revision that is inconsistent with the purpose or terms and conditions of NGB CA awards.

Section F. Non-Federal audits.

You must include a provision in each subaward that you make under NGB CA awards

to require the subrecipient entity to comply with the audit requirements applicable to that entity, as specified in either Section A or Section B of FMS Article V.

Section G. Cost sharing or matching requirements.

1. If you make a subaward under which the subrecipient may provide contributions or donations of cash or third-party in-kind contributions to be counted toward any cost sharing or matching that is required under NGB CA awards, you must include provisions in that subaward to specify:
2. The criteria governing the allowability as cost sharing or matching of the types of cash or third-party in-kind contributions that the subrecipient may contribute or donate. Those criteria are specified in Sections B through D of FMS Article VI of these general terms and conditions if the subaward is to a state, institution of higher education, nonprofit organization, local government, Indian tribe, or a for-profit entity.
3. The methods for determining and documenting the values of those contributions or donations to be counted as cost sharing or matching. Those methods are specified in Sections E and F of FMS Article VI of these general terms and conditions if the subaward is to a state, institution of higher education, nonprofit organization, local government, Indian tribe, or a for-profit entity.

Section H. Program Income.

You must include requirements concerning program income in subawards, as follows:

- a. In each subaward to a state, institution of higher education, nonprofit organization, local government, Indian tribe, or for-profit entity.
- b. You must require the subrecipient to account to you when it earns any program income under the subaward or uses it, so that you can prepare reports you are required to submit to us. If the award-specific terms and conditions of NGB CA awards require you to account for program income earned after the period of performance, you must include a corresponding requirement in your subawards.
- c. You must include the provisions of Sections A through D of FMS Article VII of these general terms and conditions.
- d. You may specify the deduction, addition, or cost sharing or matching alternative or a combination of those alternatives, for the subrecipient's use of any program income it earns. However, you still must comply with the alternative specified in Section E of FMS Article VII and any applicable award-specific terms and conditions for the total amount of program income earned, which includes amounts earned by you and your subrecipients. For example, if we require you to use the deduction alternative, you may authorize a subrecipient to use the addition alternative if you reduce the funding allocated for portions of the project or program that you or other subrecipients perform to make the required reduction in the total award amount.

SUB Article V. Property Requirements for Subawards.

Section A. Purposes of this Article in Relation to other Articles.

1. This article specifies administrative requirements concerning property that you must include in the terms and conditions of each cost-type subaward that you make under NGB CA awards.
2. It thereby addresses the flow down to subrecipients of requirements with which you must comply under PROP Articles I through VI of these general terms and conditions.
3. SUB Article XII of these general terms and conditions addresses which of these administrative requirements you must include in any fixed-amount subaward that you make, if you are authorized to make fixed-amount subawards under NGB CA awards.

- (2) Sections B through E of PROP Article I that are applicable to types of property that the subrecipient may acquire, improve, donate, or for which it may otherwise be accountable under the subaward.

2. **Exceptions. RESERVED - Only applicable if provided in award-specific terms and conditions.**

Section C. Property Management System.

1. If you make a subaward under which the subrecipient either may acquire or improve equipment or real property, or may be accountable for federally owned property, you must include in the subaward:

- b. Section C of PROP Article II concerning other property management system standards.

Section D. Use and Disposition of Real Property.

If you make a subaward under which the subrecipient may acquire or improve real property, then you must include in the subaward:

- a. **Use.** The requirements concerning use of real property:

In Section A of PROP Article III if the subaward is to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity, unless the award-specific terms and conditions of NGB CA awards provide otherwise.

- b. **Disposition.** Provisions to require the subrecipient to request disposition instructions through you when the property is no longer needed for its originally authorized purpose, so that you can meet your responsibilities to us under Section B of PROP Article III to address the federal interest in the property.

Section E. Use and Disposition of Equipment and Supplies.

1. If you make a subaward under which the subrecipient may acquire or improve equipment, or acquire supplies, you must include in the subaward, as applicable:
2. If the subaward is to a state:

 - a. The requirements in Sections C and E of PROP Article IV concerning use of equipment and use and disposition of supplies.
 - b. Provisions such as those in Section A of PROP Article IV that make clear the applicability of those requirements.
 - c. Provisions to require the subrecipient to request disposition instructions from you when equipment is no longer needed for its originally authorized purpose, so that you can meet your responsibilities to us under Section D of PROP Article IV to

address the federal interest in the equipment.

Section F. Use and Disposition of Federally Owned Property.

If you make a subaward under which the subrecipient may be accountable for federally owned property, you must include subaward provisions specifying that the subrecipient:

- a. May use the property as specified in Section A.1 of PROP Article V;
- b. Must submit requests through you for the award administration office's approval to use the property for other purposes, as described in Section A.2 of PROP Article V;
- c. Must request the award administration office's disposition instructions through you when the property is no longer needed for subaward purposes or the subaward ends.

Section G. Intangible Property.

You must include in a subaward provisions specifying the requirements of Sections A through D of PROP Article VI if the subaward is to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity.

Section A. Purposes of this Article in Relation to other Articles.

1. This article specifies administrative requirements concerning procurement procedures that you must include in the terms and conditions of each cost-type subaward that you make NGB CA awards.
2. It thereby addresses the flow down to subrecipients of requirements with which you must comply under PROC Articles I through III of these general terms and conditions.
3. SUB Article XII of these general terms and conditions addresses which of these administrative requirements you must include in any fixed-amount subaward that you make, if you are authorized to make fixed-amount subawards under NGB CA awards.

Section B. Subaward to a State.

In any subaward that you make to a state, you must include the requirements of PROC Article I and applicable sections of PROC Article III of these general terms and conditions.

Section C. Subaward to an Institution of Higher Education, Nonprofit Organization, Local Government, Indian Tribe, or For-profit Entity.

1. In any subaward that you make to an institution of higher education, nonprofit organization, local government, Indian tribe, or for-profit entity:
 - a. You must include the requirements of Sections A through G of PROC Article II and applicable sections of PROC Article III of these general terms and conditions.
 - b. You must include the requirement for the subrecipient to make available to you, upon request:
 - (1) Technical specifications of proposed procurement transactions, under the conditions described in OMB guidance at 2 CFR 200.325(a).
 - (2) Other procurement documents for pre-procurement review, under the conditions described in OMB guidance at 2 CFR 200.325(b).
2. If it is possible that, under a subaward you make, the subrecipient may award a construction or facility improvement contract with a value in excess of the simplified acquisition threshold, you must include provisions in the subaward to require the subrecipient to comply with at least the minimum requirements for bidders' bid guarantees and contractors' performance and payment bonds described in 2 CFR 200.326(a) through (c), unless you determine that the subrecipient's bonding policy and requirements are adequate to protect federal interests.

SUB Article VII. Financial, Programmatic, And Property Reporting Requirements for Subawards.

Section A. Purposes of this Article in Relation to other Articles.

1. This article specifies administrative requirements concerning reporting that you must include in the terms and conditions of each cost-type subaward that you make under NGB CA awards.
2. It thereby addresses the flow down to subrecipients of requirements with which you must comply under REP Articles I through III of these general terms and conditions.
3. SUB Article XII of these general terms and conditions addresses which of these administrative requirements you must include in any fixed-amount subaward that you make, if you are authorized to make fixed-amount subawards under NGB CA awards.

Section B. Performance Reporting.

1. You must include terms and conditions in each subaward to require the subrecipient to provide any performance information you need, by the time you need it, to comply with the performance reporting requirements in REP Article I and other terms and conditions of NGB CA awards.
2. You may specify a form, format, or data elements the subrecipient must use to provide

the information to you (you need not require the subrecipient to use the same form, format, or data elements that REP Article I specifies for your reporting to us).

Section C. Financial Reporting.

1. You must include terms and conditions in each subaward to require the subrecipient to provide any financial information you need, by the time you need it, to comply with the financial reporting requirements in REP Article II and other terms and conditions of NGB CA awards.
2. You may specify a form, format, or data elements the subrecipient must use to provide the information to you (you need not require the subrecipient to use the same form, format, or data elements that REP Article II specifies for your reporting to us).

Section D. Reporting on Property.

1. Each subaward you make under NGB CA awards must include provisions concerning property reporting as described in section D.2 of this section if the subrecipient may, under the subaward:
 - a. Acquire or improve real property or equipment;
 - b. Acquire supplies or intangible property; or
 - c. Be accountable for federally owned property.
2. The subaward provisions must require the subrecipient to give you the information you need about the property to meet your responsibilities to us under Sections A through D of REP Article III and PROP Articles II through VI.

SUB Article VIII. Other Administrative Requirements for Subawards.

Section A. Purposes of this Article in Relation to other Articles.

1. This article specifies other administrative requirements that you either must or should include in the terms and conditions of each cost-type subaward that you make under NGB CA awards.
2. It thereby addresses the flow down to subrecipients of requirements with which you must comply under OAR Articles I through VII of these general terms and conditions.
3. SUB Article XII of these general terms and conditions addresses which of these administrative requirements you must include in any fixed-amount subaward that you make, if you are authorized to make fixed-amount subawards under NGB CA awards.

Section B. Submission and Maintenance of Subrecipient Information.

You must include the substance of the provision in Section C of OAR Article I in any subaward you make under NGB CA awards. The provision must require the subrecipient's disclosure of any evidence directly to the Inspector General, DoD.

Section C. Records Retention and Access.

1. In each subaward you make under NGB CA awards:
 - a. If the subaward is to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity:
 - (1) You must include the requirements of Section A of OAR Article II with the additional condition that, for any subrecipient under NGB CA awards that does not have a federally approved rate for indirect or facilities and administrative costs and that does not use the de minimis rate described in 2 CFR 200.414(f), you must:
 - (a) Require the subrecipient to keep records that support its indirect or facilities and administrative costs charged to the subaward for 3 years from the end of the fiscal year (or other accounting period) to which the costs apply.
 - (b) Keep any plan or computation the subrecipient submits to you to serve as a basis for your determining the reasonableness and allowability of indirect or facilities and administrative costs of the subaward, for 3 years from the end of the fiscal year (or other accounting period) to which the proposal, plan, or computation applies.
 - b. You must include the requirements of Sections B, C, and F of OAR Article II.
 - c. You must include provisions that enable you to comply with the requirements of Section D of OAR Article II concerning records for joint or long-term use.
 - d. You must include provisions that establish the same rights and responsibilities for the subrecipient under the subaward that Section E of OAR Article II establishes for you under these general terms and conditions.
 - e. You may not impose any other record retention or access requirements on the subrecipient.

Section D. Remedies and Termination.

1. The terms and conditions of each subaward you make under NGB CA awards should specify your rights and responsibilities and those of the subrecipient if you take a remedial action to address a subrecipient's noncompliance with an applicable federal statute or regulation or the terms and conditions of your subaward. Each subaward's terms and conditions should:
2. Identify remedial actions you may take to address the subrecipient's noncompliance.

Available remedies are described in OMB guidance in 2 CFR 200.339 for a subaward to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity.

3. With respect to termination specifically:

- a. Identify conditions under which you, the subrecipient, or both (by mutual agreement) may terminate the subaward, in whole or in part, as described in:

OMB guidance in 2 CFR 200.340(a) for a subaward to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity.

- b. Inform the subrecipient that you will provide it with a notice of termination if you unilaterally terminate the award.

- c. Specify that you and the subrecipient remain responsible for applicable requirements addressed in Sections G and H of this article concerning closeout, post-closeout adjustments, and continuing responsibilities.

4. With respect to either suspension or termination of the subaward, inform the subrecipient about the criteria that you will use to either allow or disallow subaward costs, which are in Section D of OAR Article III for a subaward to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity.

Section E. Disputes, Hearings, and Appeals.

Each subaward's terms and conditions should specify any rights the subrecipient has to a hearing, appeal, or other administrative proceeding if it disputes a decision you render in administering its subaward. You must comply with any statute or regulation that affords the subrecipient an opportunity for a hearing, appeal, or other administrative proceeding and is applicable to the dispute.

Section F. Collection of Amounts Due.

Although your subaward terms and conditions do not need to include any of the requirements of OAR Article V because those requirements do not flow down to subrecipients, you should consider including provisions to specify what you would need from the subrecipient if you owed a debt to the Federal Government under NGB CA awards that is related to its subaward.

Section G. Closeout.

In each subaward that you make to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity, you must include provisions to require the subrecipient to:

- a. Liquidate all obligations that it incurred under the subaward not later than 90 calendar days after the end date of the period of performance of either the subaward or NGB CA awards, whichever is earlier, unless you grant an extension.
- b. Promptly refund to you any balances of unobligated cash that you advanced or paid to the subrecipient unless you received authorization from the award administration office for the subrecipient's use of those funds on other projects or programs.
- c. Submit to you:
 - (1) Any information you need from the subrecipient to meet your responsibilities to us for an accounting of property, under Section D of OAR Article VI.
 - (2) Not later than 90 calendar days after the end date of the period of performance of NGB CA awards, unless you grant the subrecipient an extension, any information you need to meet your responsibilities to us for final reports, under Section C of OAR Article VI.

Section H. Post-Closeout Adjustments and Continuing Responsibilities.

You must include provisions in each subaward to require the subrecipient to provide what you need to comply with the requirements of OAR Article VII.

SUB Article IX. National Policy Requirements for Subawards.

Section A. General.

1. You must include provisions in the terms and conditions of each subaward you make to require the subrecipient entity's compliance with each of the national policy requirements in Sections B through E of this article that you determine is applicable, given the type of entity receiving the subaward and activities it will be carrying out under the subaward.
2. If an entity to which you are about to make a subaward will not accept an award provision requiring its compliance with a national policy requirement that you determine to be applicable, you must alert the award administration office immediately. You may not omit an applicable national policy requirement to make the subaward.
3. If at any time during the performance of a subaward, you learn that—or receive a credible allegation that—the subrecipient is not complying with an applicable national policy requirement, you must alert the award administration office immediately.

Section B. Nondiscrimination National Policy Requirements.

You must include provisions in each subaward to require the subrecipient's compliance with the nondiscrimination national policy requirements specified in sections A.1 through

A.5 of NP Article I, as applicable.

Section C. Environmental National Policy Requirements.

You must include provisions in each subaward to require that:

- a. The subrecipient complies with all applicable federal environmental laws and regulations, including those specified in Sections A.2, A.3, A.5, and A.6 of NP Article II, as applicable.
- b. Provide any information you need, when you need it, to comply with the requirement to immediately notify us of potential environmental impacts specified in Sections A.4, A.5, and A.6 of NP Article II, as applicable, due to activities under the award (which includes subaward activities).

Section D. National Policy Requirements Concerning Live Organisms. RESERVED –Not applicable.

Section E. Other National Policy Requirements.

- 1. You must include provisions in each subaward to require the subrecipient’s compliance with the national policy requirements in the following portions of NP Article IV of these general terms and conditions, as applicable:
 - a. Section A.1.
 - b. Sections A.3.a and A.3.b.
 - c. Sections A.4 through A.19.
 - d. Section B.1.

SUB Article X. Subrecipient Monitoring and other Post-Award Administration.

Section A. General Requirement for Subrecipient Monitoring.

- 1. You must do the post-award monitoring of the subrecipient’s activities under each subaward that is needed for you to ensure that:
 - a. The subrecipient carries out the portion of the substantive project or program under NGB CA awards for which the subaward was made.
 - b. The subrecipient is using project funds under the subaward (including any cost sharing or matching the subrecipient provides that is counted as project funds in the approved budget of NGB CA awards) for authorized purposes.
 - c. The subrecipient’s performance under the subaward is in compliance with

applicable federal statutes and regulations, and the terms and conditions of your subaward.

Section B. Subrecipient Monitoring Actions.

1. **Required Monitoring Actions.** You must, as part of your post-award monitoring of each subrecipient:
 - a. Review the financial and programmatic information that your subaward terms and conditions require the subrecipient to provide, in accordance with Sections B and C of SUB Article VII of these general terms and conditions.
 - b. Follow up and ensure that the subrecipient takes timely and appropriate action to remedy deficiencies detected through any means, including audits and on-site reviews.
 - c. With respect to audits of subrecipients that are required under FMS Article V of these general terms and conditions:
 - (1) Verify that the subrecipient is audited in accordance with those requirements, as applicable (note that Section F of SUB Article IV requires you to include those audit requirements for the subrecipient in the subaward's terms and conditions).
 - (2) Resolve and issue a management decision for audit findings that pertain to your subaward. Doing so is a requirement under either Section A or B of FMS Article V of these general terms and conditions (Section B requires that explicitly and Section A does so by implementing OMB guidance in 2 CFR 200.521, as well as other portions of Subpart F of that part).
 - (3) Consider whether you need to adjust your own records related to NGB CA awards based on results of audits, on-site reviews, or other monitoring of the subrecipient and, as applicable, notify the award administration office.
2. **Other Monitoring Actions.** OMB guidance in 2 CFR 200.332(e)(1) through (3) describes other actions that may be useful as part of your subrecipient monitoring program, depending on the outcomes of the pre-award risk assessment you conducted in accordance with Section B of SUB Article II.

Section C. Remedies and Subaward Suspension or Termination.

1. With respect to any subaward under NGB CA awards, you must:
 - a. Consider whether you need to take any remedial action if you determine that the subrecipient is noncompliant with an applicable federal statute or regulation or the terms and conditions of your subaward, as described in Section D of SUB Article VIII.

- b. Provide a notice of termination to the subrecipient if you terminate its subaward unilaterally for any reason prior to the end of the period of performance.
- c. In the case of either suspension or termination of a subaward prior to the end of the period of performance, allow or disallow subaward costs in accordance with Section D of OAR Article III.

Section D. Subaward Closeout.

1. You will close out each subaward when you either:
 - a. Determine that the subrecipient has completed its programmatic performance under the subaward and all applicable administrative actions; or
 - b. Terminate the subaward if you do so prior to completion of the subrecipient's programmatic performance.
2. With respect to the closeout of each subaward:
 - a. You must pay the subrecipient promptly for allowable and reimbursable costs.
 - b. Consistent with the terms and conditions of the subaward, you must make a settlement for any upward or downward adjustments to the federal share of project costs after you receive the information you need from the subrecipient to close out the subaward.
 - c. You should complete the closeout of the subaward no later than one year after you receive and accept the final reports and other information from the subrecipient that you need to close out the subaward.

SUB Article XI. Requirements Concerning Subrecipients' Lower-tier Subawards.

Section A. Purpose.

This article specifies requirements you must include in any cost-type subaward under which you determine that the subrecipient may make lower-tier cost-type subawards to other entities.

Section B. Requirements for Lower-tier Subawards.

Your subaward terms and conditions must require your subrecipient, with respect to each lower-tier cost-type subaward that it makes to:

1. Ensure that the lower-tier transaction is a subaward, rather than a procurement transaction, by making the determination that SUB Article I of these general terms and conditions requires you to make.

2. Conduct the pre-award risk assessment of its intended subrecipient that Section B of SUB Article II of these general terms and conditions requires you to make for your subawards.
3. Include in any cost-type subaward it makes at the next tier:
 - a. The informational content that SUB Article III specifies.
 - b. The administrative requirements that SUB Articles IV through VIII of these general terms and conditions specify.
 - c. The national policy requirements that SUB Article IX of these general terms and conditions specifies, as applicable.
 - d. The requirements of this article if the next-tier subrecipient may make even lower-tier cost-type subawards to other entities.
4. Carry out the subrecipient monitoring and other post-award administration responsibilities specified in SUB Article X.

SUB Article XII. Fixed Amount Subawards.

Section A. Limitations on Use.

1. You may not use a fixed amount subaward:
 - a. If the total value over the life of the subaward will exceed the simplified acquisition threshold.
 - b. Unless the project or program scope is specific, with definite outcomes, and you can establish a reasonable estimate of the actual costs of accomplishing those outcomes.
 - c. If you will predetermine a set amount or percentage of cost sharing or matching that the subrecipient must provide under the subaward.
 - d. If the subrecipient will acquire any real property or equipment under the subaward.
2. For fixed amount subawards not prohibited by paragraph 1 of this section and except as provided in Section B of this article, you must obtain our prior approval before making a fixed amount type of subaward.
 - a. If Section B of FMS Article IV requires you to obtain our prior approval before you make any subaward, and you do not identify the subaward as a fixed amount subaward when you obtain that approval, then you must subsequently request separate approval before awarding it as a fixed amount type of subaward.

- b. If a subaward is identified as a fixed amount type of subaward in the budget you submit for our approval, then our approval of the budget is the required prior approval.

Section B. Fixed Amount Subawards that do not Require Prior Approval.

1. You are not required to obtain our prior approval before using a fixed amount type of subaward if:
 - a. The subaward is to either:
 - b. A foreign public entity; or
 - c. An organizational unit of a foreign organization, if that unit does not have a place of business in the United States, regardless of whether another organizational unit of that foreign organization has one.
2. You determine that the portion of the project or program under NGB CA awards which the subrecipient will be carrying out under the subaward has one or more specific outcomes with the following characteristics:
 - a. You can define the outcomes well enough to specify them at the time you make the subaward. Note that:
 - (1) Outcomes are distinct from inputs needed to achieve the outcomes, such as amounts or percentages of time that subrecipient employees or other participants will spend on the project or program.
 - (2) The inherently unpredictable nature of basic or applied research makes it rarely, if ever, possible to define specific research outcomes in advance, which makes fixed amount subawards inappropriate for research. Note that technical performance reports serve to document research outcomes but are not themselves outcomes, notwithstanding the definition of “performance goals” in OMB guidance at 2 CFR 200.1.
 - b. The accomplishment of each outcome will be observable and verifiable by you when it occurs, so that you will not need to rely solely on the subrecipient’s assurance of that accomplishment.
 - c. The subrecipient associates its estimated costs with outcomes in the proposal it submits to you, and you are confident that the costs of accomplishment of the outcomes will equal or exceed the subaward amount. This requires either that you have a high degree of confidence:
 - (1) In your estimate of the costs associated with accomplishing the well-defined and observable outcomes, based on the prospective subrecipient’s proposal (and using the applicable cost principles in FMS Article III as a guide); or

- (2) That those costs will be within a finite range, rather than a specific amount, so that you may provide an amount of funding under the subaward that does not exceed the lower end of the range, with the provision that the subrecipient agrees to provide any balance above that amount that ultimately is needed to accomplish the outcomes. Your subaward then would include a term or condition to reflect the subrecipient's agreement to provide that balance (which would be in an amount to be post-determined when the outcomes are accomplished). Note that this is distinct from a situation in which you predetermine a set amount or percentage of cost sharing or matching that the subrecipient must provide under its subaward, a situation in which section A.1.c of this article prohibits use of a fixed amount subaward.
3. The subaward is based on a fixed rate per unit of outcome (or "unit cost") and you have both the confidence:
 - a. That is described in Section B.2.c of this article in the estimated costs associated with each unit of outcome.
 - b. In the subrecipient's guarantee that it can accomplish at least the number of units of outcome on which your total subaward amount will be based (i.e., the product of the unit cost and the number of units of outcome the subrecipient guarantees to accomplish).
 - c. Note, however, that not every fixed rate subaward is also a fixed amount subaward. If you have confidence in the unit cost but not also in the subrecipient's ability to guarantee the number of units of outcome that it will accomplish, then you should set a not-to-exceed award amount based on the number of units desired and reduce the subaward amount at the end if the subrecipient accomplishes fewer than that number. Examples of activities for which it may be appropriate to award this type of fixed rate subaward that is not a fixed amount subaward include:
 - (1) A clinical trial for which the unit cost is the cost of treating each participant. The not-to exceed amount would be based on the number of participants the subrecipient planned to recruit and the final award on the number who participated, documentation for which would be subject to audit.
 - (2) Labor costs for performance of a portion of the project or program under NGB CA awards by an organization or entity that treats its indirect cost rate as proprietary information. The unit cost in that case may be "loaded" labor rates for the organization's or entity's employees that include indirect costs. The final award amount would depend on the number of labor hours the organization's or entity's employees expended under the subaward, documentation for which may be audited without exposing proprietary details associated with the actual costs.

Section C. Informational Content of Fixed Amount Subawards.

You must include in each fixed amount subaward the informational content, other than

the indirect cost rate, that is described in SUB Article III of these general terms and conditions.

Section D. Terms and Conditions Addressing Administrative Requirements.

1. General. This section:

- a. Specifies the minimum set of terms and conditions (in lieu of the more extensive set specified in SUB Articles IV through X for cost-type subawards) addressing administrative requirements that you must include in each fixed-amount subaward:
 - (1) To an entity other than a foreign organization, as applicable.
 - (2) To the maximum extent practicable, to a foreign organization.
- b. Does not preclude the inclusion of other requirements that you need to meet your responsibilities under NGB CA awards for performance of the project or program and compliance with applicable administrative requirements.

2. Financial and Program Management Requirements.

- a. **Financial Management System Standards.** For a subaward to other than a for-profit entity, your subaward must require the subrecipient to include the information specified in section B.1 of FMS Article I in its financial management system, for the purposes of the non-federal audits required by section 2.d of this section.
- b. **Payments.** Your payments must be based on accomplishment of the outcomes and associated costs that you used to establish the subaward amount, rather than on subrecipient expenditures for project or program purposes. Milestone payments before the end of the subaward's period of performance may be appropriate if there are outcomes that the subrecipient will accomplish at different times during that period.
- c. **Revision of Budget and Program Plans.** If our prior approval was required under section A.2 of this article for use of a fixed-amount type of subaward, then you must:
 - (1) Request our prior approval for any change in principal investigator, project leader, project partner, or scope or objective of the subaward.
 - (2) Therefore, include a requirement in the subaward for the subrecipient to request that approval through you.
- d. **Non-Federal Audits.** You must include the requirement for non-federal audits described in Section F of SUB Article IV. The audits are intended to focus on compliance with the performance requirements in the subaward terms and conditions and not to review actual costs as they would for a cost-type subaward.

- e. **Certification of completion.** You must include the requirement for the subrecipient to provide you with a certification at the end of the project as specified in 2 CFR 200.201(b)(3).

3. **Property Requirements.**

- a. **Federally Owned Property.** If the subrecipient will be accountable for federally owned property, you must include the property management system, use, and disposition requirements described in Sections C and F of SUB Article V that are applicable to federally owned property.
- b. **Intangible Property.** You must include the applicable intangible property requirements described in Section G of SUB Article V.

- 4. **Reporting Requirements.** You must include requirements for reporting that you need to meet your responsibilities under NGB CA awards for reporting to us.

5. **Other Administrative Requirements.**

- a. **Integrity-Related Information.** You must include the substance of the provision in Section C of OAR Article I in any subaward you make under NGB CA awards. The provision must require the subrecipient's disclosure of any evidence directly to the Inspector General, DoD.
- b. **Records Retention and Access.** You must include the requirements for records retention and access in section A.3 and Sections B and F of OAR Article II, as applicable, if the subaward is to an institution of higher education, nonprofit organization, state, local government, Indian tribe, or for-profit entity. You may not impose any other records retention or access requirements on the subrecipient.
- c. **Remedies and Termination.** You must include:
 - (1) The requirements concerning remedies and termination that are described in Sections D.1 and 2 of SUB Article VIII.
 - (2) Provisions addressing any hearing and appeal rights the subrecipient has, as described in Section E of SUB Article VIII.
 - (3) Terms and conditions addressing adjustment of the amount of the subaward if it is terminated before the subrecipient accomplishes all the specified outcomes.
- d. **Continuing Responsibilities.** You must include requirements concerning continuing responsibilities for audits and records retention and access that are described in Sections B.1 and B.3 of OAR Article VII.

- e. **Collection of amounts Due.** You should consider including requirements

concerning collection of amounts due, as described in Section F of SUB Article VIII.

Section E. National Policy Requirements for Fixed Amount Subawards.

You must include in the terms and conditions of each fixed amount subaward the national policy requirements that SUB Article IX of these general terms and conditions specifies, as applicable.

Section F. Subrecipient Monitoring and Other Post-Award Administration.

You must carry out the subrecipient monitoring and post-award administration actions specified in SUB Article X, as applicable.

Section G. Fixed amount subawards at Lower Tiers.

1. Authority.

- a. If Section B of this article authorizes you to use a fixed-amount type of subaward without our prior approval in some situations, a cost-type subaward that you make may authorize the subrecipient to use fixed-amount subawards at the next lower tier in those same situations without our prior approval.
- b. If you wish to allow a subrecipient of a cost-type subaward to use fixed amount subawards at the next tier in other situations (i.e., situations in which this article requires you to obtain our prior approval before using a fixed-amount type of subaward), your subaward terms and conditions must require the subrecipient to submit a request through you to obtain our prior approval for use of that type of subaward.

2. Subaward Requirements. If your subrecipient is authorized to use lower tier, fixed amount subawards, as described in paragraphs 1.a and 1.b of this section, your subaward's terms and conditions must:

- a. Require the subrecipient, before it makes any lower tier, fixed amount subaward, to:
 - (1) Ensure that the lower-tier transaction is a subaward, rather than a procurement transaction, by making the determination that SUB Article I of these general terms and conditions requires you to make.
 - (2) Conduct the pre-award risk assessment of its intended subrecipient that Section B of SUB Article II of these general terms and conditions requires you to make for your subawards.
- b. Include the requirements specified in Sections A through F of this article.

SUBDIVISION C - General Terms and Conditions for National Policy Requirements

Part 1: National Policy Requirements (Articles from this part are designated with “NP” in the article title)

NP Article I. Nondiscrimination National Policy Requirements.

In such cases, you may take no action that will have an environmental impact (e.g., physical disturbance of a site such as breaking of ground) or limit the choice of reasonable alternatives to the proposed action until we provide written notification of federal compliance with NEPA or Executive Order 12114.
 - (2) Flood-prone areas and provide any help we may need to comply with the National Flood Insurance Act of 1968, as amended by the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001 et seq.), which require flood insurance, when available, for federally assisted construction or acquisition in flood-prone areas.

2. Personnel actions for recipient employees such as pay raises, bonuses, pay freezes or pay caps, hiring freezes or employee furloughs will be treated consistently as other like positions that do not support work being performed in support of a CA award.

3. When there is no like state government position available, salaries and benefits will be equivalent to a comparable grade and series Federal Civil Service position in the geographic area.
4. Raises for federally reimbursed state employees and state-contracted personnel will not exceed those of comparable state employees.
5. Costs for merit and incentive awards based on performance, providing the awards are part of a program available and consistent with those offered to similar state government positions.

Part 9: Centralized Personnel Plan (CPP)

Section A. CPP

1. The CPP is the mechanism which the recipient may charge indirect rates should they choose to centralize CA personnel within the recipient military department.
2. It is the decision of the grants officer whether to allow reimbursement for a CPP. The CPP is a negotiated document. The grants officer has final approval over the plan.
3. The recipient's personnel in the human resource office, procurement office, or accounting office are the personnel that are authorized to be a part of CPP.
4. Supervisor's time for positions being allocated to the CPP will not be calculated in the CPP; however, a supervisor, whose time can be validated and allocated to the performance of direct supervision over multiple CA awards over personnel working directly on those CA awards or non-supervisory functions in the CA award program, may be considered in the CPP calculations.
5. A formal DHHS negotiated Central Services Cost Allocation Plan (CSCAP) can be included in the CPP for consideration by the grants officer as part of the CPP

submission by the recipient.

Section B. Responsibilities.

The CPP will be negotiated annually between the recipient and the grants officer. The grants officer will have final approval.

- a. It is the grants officer's responsibility to review and validate costs charged to agreements for reimbursement. The CPP will reflect only actual, direct personnel costs incurred. The CPP will include a methodology that accurately captures the separate cost drivers and metrics for each allowable personnel functional area. The two most used NGB methodologies to formulate CPP costs drivers are the time study of personnel method and the fee per action method.
- b. Requested CPP reimbursements must be for incremental, direct, and personnel costs that are compensation for staff positions that would not exist if CA awards did not exist. Only non-supervisory compensation costs are allocable except as described in (1)(c) above. No other costs (i.e., audit costs, equipment) are authorized. Reimbursements must be allocated to specific CA awards. requested amounts must be based upon the actual level of effort and the personnel must be directly responsible for actions supporting the CA award.

Section C. State Central Services Cost Allocation Plan (CSCAP)

1. CSCAP is a cost that can be classified as either a direct or indirect cost. Recipient treatment of the cost, as reflected in its CSCAP or a recipient's approved indirect cost rate negotiated IAW Appendix E, 2 CFR 200.416, will apply. The CSCAP is prepared by the recipient IAW Appendix E, 2 CFR 200.416, and approved by the Department of Health and Human Services (HHS). The CSCAP is prepared to identify central service costs statewide.
2. When a cost cannot be easily classified as a direct or indirect cost, the recipient's treatment of that cost, as reflected in CSCAP or in its approved indirect cost rate proposal, will apply.
3. The CSCAP is prepared to identify central service costs statewide and must have a specific percentage identified and negotiated by HHS for each Department within the state.
 - a. The percentage allowed to be considered in the CPP calculation is that of the percentage negotiated under the CSCAP by HHS specifically for the state military department.
 - b. The grants officer will work with the recipient to ensure there is no duplication of charges between the CSCAP and proposed CPP.

Part 10: Program Income

You, the recipient must exclude from any payment request amounts from any of the following sources that are available to you for project or program purposes under an NGB CA award: program income, including repayments to a revolving fund; rebates; refunds; contract settlements; audit recoveries; and interest earned on any of those funds.
