The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees if the acquisition—

(1) Is set aside for small business and has a value above the simplified acquisition threshold;

(2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(3) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be

excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during pre-award testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR subpart 4.10), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers. (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may

not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(End of provision)

1. ORGANIZATIONAL CONFLICT OF INTEREST

- 1.1. The provisions of FAR 9.5, OCI, apply to any award under this solicitation. Potential offerors should review their current and planned participation in any other Government contracts, subcontracts, consulting, or teaming arrangements where they may be in a position of actual or perceived bias or unfair competitive advantage. A common example with the potential for OCI is where an entity performs work both as a system contractor/subcontractor and as a Government support contractor for Government offices involved in supporting program efforts or related programs.
- 1.2. All offerors shall make a preliminary disclosure to the PCO, at the time of its quote, of any Organizational Conflict of Interest (OCI) issues it has identified or provide an affirmative statement that the offeror does not have an Organizational Conflict of Interest (OCI) as it applies to this solicitation.
 - 1.2.1. An offeror failing to submit an OCI plan that it is later determined should have been submitted, could cause the quote to be rejected and no longer be considered for award. Offerors shall include in its plan where its employees are located and the total of employees in the location(s).
- 1.3. Offerors should disclose any potential OCI situations to the PCO as soon as identified including prior to quote submission. The disclosure should include the facts and an analysis of the actual or perceived conflict and a recommended approach(s) to neutralize or mitigate the potential conflict. The preferred approach to potential conflicts is to negate/obviate the conflict. Mitigation is considered only if it is not practical to negate/obviate the conflict. The PCO will promptly respond to resolve any potential conflicts.

EVALUATION FACTORS FOR AWARD

1. The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:
 - 1.1. Technical
 - 1.2. Past Performance
 - 1.3. Price
2. Basis for Award
 - 2.1. The Government intends to award a single Firm-Fixed Price (FFP) Contract as a result of this solicitation.
 - 2.2. Per FAR 9.103, the contract will be placed only with an offeror that the Contracting Officer determines to be responsible, that is, those who can satisfactorily perform the necessary tasks and deliver the required services on time. Prospective offerors, in order to qualify as sources for this acquisition, must be able to demonstrate that they meet standards of responsibility set forth in FAR 9.104. In addition, the Government may assess the offeror's financial ability to meet the solicitation requirements. No award can be made to an offeror who has been determined to be not responsible by the Contracting Officer.

- 2.3. Consistency. Each section of the offeror's quote shall be consistent within the quote.
- 2.4. Completeness. The Government's ability to evaluate a quote may depend on the level of detail and supporting documentation provided. Insufficient supporting documentation or detail in a quote may prevent the Government from evaluating a quote.
- 2.5. The Government will assess the offeror's quote on three factors: (1) Technical Capability, (2) Past Performance and (3) Price. Past performance and technical capability when combined are approximately equal to price.

3. EVALUATION OF TECHNICAL CAPABILITY

- 1) Evaluation of this factor will assess the offeror's proposed approach and understanding of the requirements and risk of unsuccessful performance of the proposed approach to technical capability in accordance with the following factors and related PWS paragraphs. 1) Food Preparation & Quality (PWS 5.1 thru 5.1.1); 2) Menu Standard (PWS 5.2 thru 5.2.3); 3) Safety, Sanitation & Cleaning (PWS 5.4 thru 5.4.4); 4) Meal Service (PWS 5.3 – 5.3.1)

4. EVALUATION OF PAST PERFORMANCE

- 4.1. The evaluation of this factor will assess the risk of unsuccessful performance of the offeror's proposed approach to performing efforts of a similar scope, magnitude, and complexity as the requirement described in the PWS.
- 4.2. The Government will evaluate the offeror's past performance to determine the likelihood that the offeror will successfully perform the required effort described in the PWS.
- 4.3. Contracts submitted in the Past Performance section of the offeror's quote will not be considered if the Government determines them to be not recent, not relevant, or lacking any credible past performance information. If the offeror does not have a record of Recent and Relevant past performance information the offeror will be rated as "Neutral," which is neither favorable nor unfavorable.
- 4.4. The offeror may also be evaluated on past contract performance information utilizing internal Government or private source information and the Government reserves the right to use any information received as part of its evaluation. The Government may contact any of the references the offeror provides and reserves the right to use any information received as part of its evaluation.
- 4.5. In evaluating the offeror's performance history, the Government may compare the offeror's deliveries or performance to the contract's original delivery or performance schedule, unless the delay was Government-caused. Schedule extensions that were the fault of the offeror, even if consideration was provided, may be counted against the offeror.

5. EVALUATION OF PRICE FACTOR

- 5.1. Evaluation of price will be performed using one or more of the price analysis techniques in FAR 13.106-3. Through these techniques the Government will determine whether prices are reasonable, complete, and are not unbalanced.
- 5.2. Reasonableness. The Government will evaluate the price reasonableness of the offeror's proposed prices to ensure that in its nature and amount, it does not exceed what would be incurred by a prudent person in the conduct of competitive business. The Government shall employ price analysis techniques in accordance with FAR 13.106-3 to determine that a proposed price is fair and reasonable.
- 5.3. Completeness. The Government reserves the right to conduct discussions with offerors, but discussions are not anticipated or intended. Since discussions are not anticipated or intended,

the Government requires complete quotes with respect to price. A complete quote will include all information required by this solicitation.

- 5.4. Unbalanced Pricing. Offerors should note that pricing will be carefully reviewed to detect whether quotes are unbalanced between line items, as well as unbalance between periods. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly over or understated as indicated by the application of cost or price analysis techniques. Unbalanced offers may be determined unacceptable.

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not

a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]
